FOR THE LOVE OF DOGS

Friends & Family gathered this Thursday, January 19th for the grand opening and ribbon cutting for the new ScissorTails Dog Salon & Spa. Hennessey Town Trustee Harold Shaw and owner Ariel Pitts cut the ribbon for the new business.

Dog lover, Ariel Pitts, loves her furry friends so much that she made a career out of grooming them. Ariel is from Kingfisher and married Aaron Pitts, the Hennessey police chief, in 2010. They have three boys, Jaxon, Jett, and Jonah, along with their family dogs, Pomeranians, Sylvie and Luca and a standard poodle, Roxxy. She chose Hennessey to set up shop so that she could be near her family and friends.

She went to school at the Academy of Dog Grooming Arts in OKC, after graduating she worked at Karrenbrock Vet Clinic in Okarche as the clinic dog groomer from 2014 to 2020. When the pandemic hit it did not slow her down as she continued to work safely out of her home grooming her dog clients.

Ariel offers a full service for your dogs grooming needs, from baths to haircuts, she will even paint the trimmed nails, and can't forget about their freshly brushed canine teeth for the doggie kisses.

She welcomes all breeds of dogs and size doesn't matter with her amazing lift station. Scissortails Dog Salon and Spa is located at

409 N. Main in Hennessey. Open Monday through Friday 9am-5pm. Call 405-538-8656 or go to ScissorTails Dog Salon and Spa Facebook page to book an appointment for your family's fur baby.

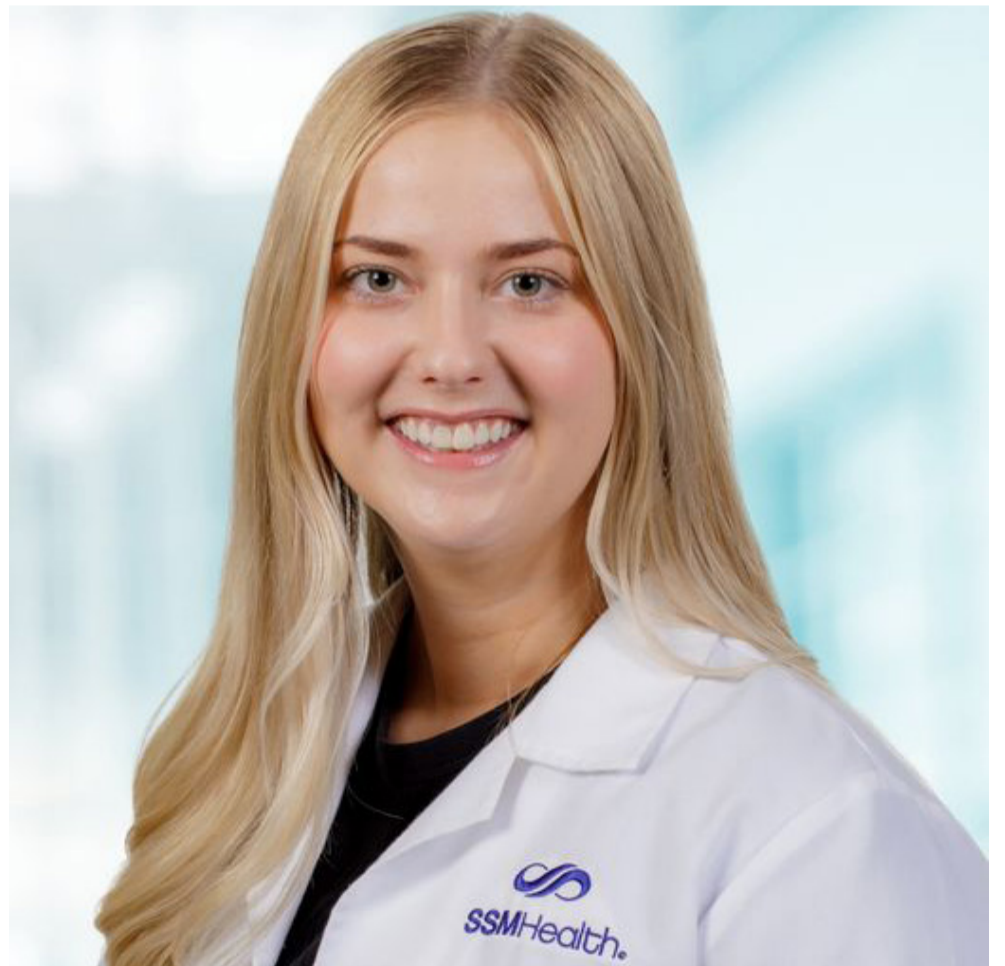

HENNESSEY GRAD GETS A NEW JOB

Alicia Sparks (Fuksa) AuD. a 2014 Hennessey grad completed her undergraduate studies at Oklahoma State University earning a B.S. in communication sciences and disorders. Then when on to graduate school at Wichita State University completing a Doctor of Audiology degree.

For the past few years, Alicia has been working in Tulsa and recently accepted a new position in Oklahoma City at the SSM Health Medical Group on the campus of St. Anthony Hospital.

Alicia said, "The difference in this position is it is in a hospital setting. I see children and adults for diagnostic testing of the auditory system and treatment for adults with hearing loss and tinnitus. I am also closer to family and friends now."

Alicia married Mason Sparks in 2020, also a Hennessey native and grad, and is the daughter of Chris and Janice Fuksa of Hennessey.

HWY 51 REALIGNMENT

Work is underway to realign the SH-51 and US-77 junction south of Orlando in Logan County. According to ODOT this work will realign SH-51 to the north, lessening a curve and improving site distance issues. It also will realign where the southern leg of US-77 connects to SH-51.

ODOT stated, while there are no lane closures at this time, the speed limit is reduced to 45 mph on eastbound and westbound SH-51 between Air Depot Rd./County Rd. 3140 and Logan Rd. just west of I-35. Work will take place on US-77 between County Rd. E063 and County Rd. E0610 near Midwest Blvd.

For the next several months, motorists will see work occurring alongside the highway on a new alignment, which includes replacing two bridges over East Beaver Creek and a BNSF railroad line. Drivers also can expect significant lane shifts and detours in the coming months as the work progresses. Work is expected to complete in summer 2024, weather permitting.

EAGLES VS LONGHORNS

Monday, January 23 The Hennessey Eagles faced off against their rival Chisholm Longhorns in what turned out to be some pretty good basketball.

The Lady Eagles played the Lady Longhorns to the tune of 58-34 final score. The game started off hot for the Longhorns led by the very hot hand of Alice Watkins, but the Lady Eagles were able to keep it close in the 2nd quarter with the leadership of Katie Kennedy who had 10 in the 2nd quarter and finished with 20 of the eagles 34 points. In the 2nd half, the Lady Longhorns came prepared and determined to fend off the Eagles, which they did hastily. Quickly pulling out too far ahead with the sophomore big Emma Kate Kruska leading it step for step, bucket for bucket. The 4th quarter was no better for the Eagles. Final score Lady Eagles 34 - Lady Longhorns 58

In what turned out to be a tight matchup, the #4 ranked Hennessey Eagles faced off against the Chisholm Longhorns, the game was a tightly contested matchup for 3 quarters, as the Longhorns just would not go away. Their loud student section helped propel an unranked Chisholm team to a very tight matchup, nobody on their team had double digits points, as they played 14 total players. The Eagles finally gained some momentum, however, when James Sims in transition slammed it on 2 and finished with 10 and a 6 point 2nd quarter. The 3rd quarter was not good, to put into perspective the Eagles scored as many points in the final 40 seconds as they did in the first 7:20. Eventually though, when Chisholm gained a lead, the end of the 3rd quarter rolled into the start and finish of the 4th, and the game. The Layton Choate-Hunter Weber tandem had 17 of the Eagles 19 4th-quarter points. With Hunter Weber having his best game of the season, an impressive 4-5 from three making his last 4, including 3 in the 4th to help propel the Eagles to a win, he finished with 14, just behind Layton with 15. **Final Score, Hennessey Eagles 54 - Chisholm Longhorns 41.** Story by Taylor Wrigley

NEW POLICE CAR LOOK

At last week's board of trustees meeting Hennessey Police Chief, Arron Pitts told the board, it's time to replace one of our police cars. Several of the cars are starting to cost a lot of money in repairs. The last police car the town purchased was in 2020.

The town buys vehicles through the State Bid process. This is a way for municipalities to buy at a discount. Town Administration Tiffany Tillman said, "We have been working the State Bid System for about a year now and there are simply no Ford Explorer Police Interceptor packages available. The state is behind 200 cars right now." (The Interceptor Package is a specially built vehicle for Police cars. They include heavier suspension, bigger engines and are pre-wired for lights and accessories.)

Tillman said, "The Ford Explorer went up \$7000 making it the same price as the Tahoe. We have had all white Explorers but now we can't get any Explorers at all." Mayor Bert Gritz said, "I remember when we had a red, green, blue and a white one all at the same time, but I think it is important for them to match."

Pitts said, "The Fords have a lot of miles on them, and at about 80,000 miles they're done. The transmissions don't last. The Sheriff's office has several Tahoes with a lot of mileage and they are still going."

Tillman told the board there is one interceptor Tahoe available but it is black. The Tahoe is larger and has more storage space. Gritz said, "The Tahoe is built on a truck chassis, whereas the Explorer is a lighter-duty passenger SUV."

The board voted to purchase a new black Tahoe that will be built in May. It will have to be outfitted with lights, radios, and radar in OKC prior to use. The money for this purchase has already been budgeted for 2023. (Photo is only an example, and is not the actual vehicle)

Hennessey Middle School Site Teacher of the Year 2022-2023

Mrs. Riddle. 5/6th grade Science Teacher. Mrs. Riddle makes sure every single one of her students know they matter. She brings in a positive attitude daily and she models what it means to be here for the kids. She spends countless hours after school prepping her lessons to make sure her students get the most out of their learning. She is a great model for our new teachers on how to be innovative and think outside the box. Her professionalism and leadership she brings to our school are significant contributions to our school. Congratulations Mrs. Riddle!

HENNESSEY HIGH SCHOOL TEACHER OF THE YEAR 2022-2023

Mrs. Guinn impacts and inspires her math students on a daily basis. This is her eighth year at Hennessey. Her hard work and kindheartedness makes math fun. Every day she illuminates the high school with her positive energy. She strives to make sure every student feels loved. James Sims said, "She is one of the most humble and kind hearted teachers you could ever ask for." She has done countless things to make the school a better place, and she is always there for her students and colleagues. Thank you for everything Mrs. Guinn!

BLOOD DONORS NEEDED! SAVE THE HUMANS!

Donate at any Our Blood Institute donor center or mobile starting January 23 and receive a limited-edition "Save the Humans," alien-themed T-shirt.

Please note, Type O blood donors are especially encouraged to donate.

"It's our community that ensures the local blood supply is able to meet the demand of local patients," said John Armitage, M.D., president and CEO of Our Blood Institute. "January is historically challenging for blood donation and this year is no different. Every donation is important, and if you can take an hour out of your busy schedule you can give a precious lifesaving gift."

OBI relies on 1,200 volunteer blood donors a day to meet the needs of patients. In fact, one blood donation can save up to three humans!

Anyone who is healthy and 16 years old* or older can give blood. Blood can be donated every 56 days. Platelets can be given as often as every seven days, up to 24 times a year.

Appointments to donate can be made online at obi.org or by calling 877-340-8777.
