## HENNESSEY HIT HARD BY STORM

A severe thunderstorm rolled through Hennessey, Sunday night at about 11 pm bringing copious amounts of rain and 90+ mph winds. Widespread damage was reported from north of Dover to just north of Hennessey. Straight-line winds wreaked havoc on trees and buildings in the area including ripping the entire roof off the Hennessey First Baptist Church children's church and dropping it about 100 yards east on top of a home.

Many more buildings were destroyed or suffered major damage throughout the Hennessey area, fortunately, there were no injuries reported.

OG&E reported that there were upwards of 50 power poles snapped off including 6 large transmission poles and lines that feed the Hennessey substation along Cemetery Rd. Most of Hennessey was darkened overnight. Power crews worked through the night and power was restored to most of Hennessey proper at about 4:30 am but had to be turned off again due to 2 fires from trees on lines. OG&E is stating areas outside city limits could be without power for 2 days as they work through the tangle of poles, wires,

## Bert Gritz Honored

At the August 10th Hennessey Board of Trustees meeting, retired Fire Chief Bert Gritz was honored with a plaque in recognition of his 45 years of service as a HFD firefighter serving as a firefighter since 1978 and Chief since 1986. Gritz, who is also a board member and former mayor, was taken aback when he entered the boardroom to find it filled with firefighters and their families who had gathered to celebrate his retirement. James Matousek who presented the plaque reminisced about the early days when he and Gritz worked on fire trucks in an old garage before the Main Street fire station was built. Firefighter spouses Kathie Matousek and Tabatha Scott served refreshments to attendees in the Town Hall lobby.

pictured from left Jaylen Goff, Kaleb Hiadik, Tyson Copeland, Capt. Jake Streck, Cris Pribyl, Capt. Logan Macy, Randy Bohnstedt (who is also a town trustee but did not wear his uniform to not give away the surprise), Corey Trotter, Dustin Grellner, Levi Copeland, Capt. Terry Berkenolle, Capt. Dustin Munroe, and Kyle Keeton. Gritz is flanked by Assistant Fire Chief and Fire Marshal James Matousek on his right, and newly appointed Fire Chief Brandon Scott on his left.

## This paper

We provide crane and pumping unit services for Oklahoma, and parts of Kansas and Texas. We have new and used pumping units along with any parts it takes to repair them. We also have an inhouse machine shop that not only supports the oil and gas industry but a lot of local farmers and mechanics.

## WE CAN ENGRAVE ALMOST ANYTHING

There are times in our lives when an idea pops into our brains that never seems to go away. That was the case for Shelby Sawyers. The idea of learning how to operate laser machines quickly became an obsession. After researching and doing his homework, he knew that this adventure would soon be his next chapter. In August of 2022, Shelby's wife, Amy, surprised him with a gift that quickly turned his dream into a reality, a new laser machine, and just like that the page turned.

Shelby is a perfectionist when it comes to his laser work. If something isn't printing to his standards, it's back to the drawing board until it becomes a masterpiece. He is always looking at new and inventive ways to use the 2 machines he has. Sawyers says, "We can engrave almost anything," and has proven that with the many items he has completed for many of his customers. He specializes in working with tumbler cups of assorted sizes; he has mastered those down to a science. Operating laser machines takes patience, skill, and knowledge to achieve. He works with 2 different types of lasers. One laser is a C02 laser, which allows him to print on leather, acrylics, stone, glass, and much more. The second is his fiber laser, which gives deep engraving on hard metal type surfaces, stainless steel, gold, aluminum, and other assorted metals. He has printed a variety of items from coasters to key chains, nameplates, dog tags, wooden signs, to even pens! If you can dream it up, Shelby can most likely print it up!

At Laser Works of Oklahoma, their goal is to give local business owners and individuals a service that has not been readily available to the northwestern part of the state until now. Shelby saw an opportunity to benefit our small town of Hennessey and the surrounding communities. He wanted to provide convenience and ease to the laser printing and engraving process. He works with his customers each step of the way to help ensure that they will be fully satisfied with the final product.

Check out Laser works of Oklahoma Facebook page. For more information on how you can start your custom order today or to receive a free quote, contact Shelby at 580-278-1293.

## OVERNIGHT WATER IMPROVEMENTS

Wednesday, August 9th Hennessey Department of Public Works along with the contractor Marsau Construction turned off the water to tie in the new 5-block waterline improvement. Over the past few months, Marsau has worked to replace the water main along Dunlap Street. At 9:30 they turned off the water for about 2 hours to tie in the new lines near the intersection of 6th and Dunlap. The work was scheduled late at night so it wouldn't interfere with business and families. This improvement was paid for by a grant.

## HHS BLUE & WHITE SCRIMMAGE

The Eagles football team had their annual Blue & White scrimmage Saturday, August 12. In the orange caps are the defense, and in the normal blue helmets are the offense. The starting defense was first on the field. The defense performed well against the backup offense, keeping them at a standstill for their whole drive. When the first-team offense got on the field, they led a smooth drive finishing it off with a 20-yard touchdown pass from new QB Gunnar Holder to returning starting WR Weston Smith. As the scrimmage wrapped up, the Eagles 2nd drive saw a lot of the same, breakout runs by the new starting RB, Junior Jessin Hardin, who preceded another TD pass from Holder to Smith. Story by Taylor Wrigley, Photos By Jude Nihiser

## FIRST GAME OF THE SEASON

The Lady Eagles High School Softball girls kicked off their season opener with a home game against Pioneer. The field was wet from the heavy rain the night before. Hennessey had to pump the water off home plate then just before the game started they had to do some work to dry out the pitcher's mound to dry it out. The Eagles won 13 – 4. The Jr High girls also played but lost 3-0.

-HENNESSEY'S HOMETOWN NEWSPAPER-

## WET, WILD, AND LOUD!

The 2023 edition of the Hennessey Fire Department annual water wars commenced last Wednesday night, (August 9th) as a fun wrap-up to summer. With blaring sirens, the firefighters traveled up and down pretty much every street in Hennessey hosing down anyone in reach.

But it was not a one-way fight! The citizens fought back with everything from water balloons and garden hoses to full-blown tank trucks with large hoses. The firefighters placed buckets of water balloons around town in the parks and at street corners for kids to use.

This is the second year of this event that becomes a huge success. Fun rivalries have started against the firefighters from the Kingfisher County workers, LiFE EMS, and Hennessey Septic, each having a large team and a lot of water to shoot back.

This is a free, fun event that the Hennessey volunteer firefighters do for nothing more than to have a good time and to entertain the community.

### Storm damage continued

and trees.

There was significant tree damage area-wide and some downed trees were blocking roads and or causing damage to structures. Hennessey Fire Department led by Brandon Scott, the newly appointed chief set up a command center at the police station. Working with the police, Kingfisher County Emergency Management, KF County, KF County Sheriff, and many others to coordinate and identify damage and areas that needed attention.

When the sun came up it became clear as to just how much damage was done due to this storm. The Hennessey Board of Trustees declared Hennessey a state of emergency. This allows them to get state and federal help as well as being able to recover costs from cleanup. The town dump is now open till 5 pm and excepting tree limbs at no charge.

A tree trimming crew from the Oklahoma Baptist Disaster Relief team arrived Tuesday, August 15th, and are expecting to be here for 3-4 days. They will focus on getting driveways cleared and limbs off houses. This is a free service. To request help, please fill out the form at [okdisasterhelp.org](http://okdisasterhelp.org)

F5 CONSTRUCTION & EQUIPMENT WHERE  
GOOD PEOPLE MEET QUALITY WORK

Experienced, Dedicated, Diligent, Hardworking, and Meticulous. Those are just a few words that describe how F5 Construction and Equipment operate their business. F5 is a construction company that specializes in a wide range of job types. They are equipped to provide a wide range of services from dirt work, utilities, pond and dam repair to wastewater drainage and field terrace repairs. They can also assist in the establishment of your new home or business, beginning with the dirt foundation.

David and Katrina Fuksa started F5 in June of 2023. Together, they have bonded their strengths to build a solid company. David has over 30 years of experience with excavation and construction, and Katrina takes the lead with budgeting, and accounting, along with assisting David on job sites as well. F5 strives to provide the highest level of service in the construction industry while offering craftsmanship with every project. F5 has extensive knowledge when it comes to reading and bidding on civil drawing plans. F5 will do everything in their power to meet project deadlines.

The Fuksas take pride in being a hometown contractor. David, who was born and raised in Hennessey along with his family of five, is well-equipped to provide exceptional service to the people of the community he cherishes. F5 is determined to work hard at keeping their customers satisfied. For your free bid or quote call F5 Construction and Equipment at 405-853-0311.
