The All About HENNESSEY POST

Volume 6 • Number 37 • Wednesday, September 13, 2023

photo by Libby Seiger

-HENNESSEY'S HOMETOWN NEWSPAPER-

EARLY MORNING FIRE TAKES EVERYTHING

At about 4 a.m. Wednesday, September 6th Keri and Jamie Keel were awoken by her brother yelling her name. The four occupants at 300 West Oklahoma left the house safely but the house, shop, and garage were a total loss. Hennessey Firefighters Dustin Munroe and Jaylen Goff were the

first on the scene and found the shop and home fully engulfed in flames and started fighting the fire. Hennessey Fire Chief Brandon Scott said, "The second wave of Hennessey firefighters arrived and immediately started a defensive attack to protect surrounding structures".

The call went out for mutual aid assistance from the Waukomis and Dover fire departments, both arrived with trucks and additional firefighters. Hennessey Firefighters cleared the scene at about 9 a.m. But had to return to the scene 2 times later in the day because the fire rekindled. The American Red Cross and Kingfisher County Emergency Management arrived and assisted the family with their immediate needs. Wayne Wright Construction of Hennessey and others provided food for the firefighters while they were on the scene. Hennessey Police, Life-EMS, & KFC Sherriff Department also assisted.

This family lost everything in this fire. If you would like to help The Hennessey Community Action Team (CAT) has set up an account at Community State Bank. Mention "The Keel Family" on your check. Or you can bring a check by Eagle Propane at the corner of Hwy 51 & 81.

THE HENNESSEY EDUCATIONAL FOUNDATION: THE GIFT THAT KEEPS ON GIVING

By Sara Jane Richter

Hennessey is blessed by the entity known as the Hennessey Educational Foundation (HESF). Started in 1990 to help our teachers fund educational projects and supplies that are fun and exciting for their classrooms. Senator David Boren started the Oklahoma Foundation For Excellence (OFE) to help local School Foundations find ideas and funding.

The HESF is a 501-C3 organization, developed as a result of many people's input and creativity, including Tim Taylor, Tim Riddle, Kay Meek, JoAnn Hladik, and Richard and Della Moulson, but the leading impetus came from JoElaine Cashion Matousek.

Funding came slowly at first with the organization requesting local donations. The first banquets had Senator David Boren as the guest speaker in 1991. Senator David Boren and Nancy Grisby started the Foundation project to help teachers acquire educational tools for their classrooms. At future banquets, local talent performed, Hypnotist, and silent auctions, which the items were donated from local merchants and teachers.

The banquets also engaged in unique and fun contests for the audience. The foundation also hosted a Basal Ball Tournament, a spelling contest played like baseball, for grades 1st through 6th grades, and surrounding schools participated.

Eventually, HESF hosted a yearly golf tournament as a fundraiser. The very first Scholastic Book Fair came to Hennessey in 1992 at

We provide crane and pumping unit services for Oklahoma, and parts of Kansas and Texas. We have new and used pumping units along with any parts it takes to repair them. We also have an inhouse machine shop that not only supports the oil and gas industry but a lot of local farmers and mechanics.

-HENNESSEY’S HOMETOWN NEWSPAPER-

EAGLES AT HINTON

The 0-2 Eagles looked to jump into the win column last night against the Hinton Comets. The first drive halted to a stop early but flashed promise. Proceeding the punt, Hinton would take back a 56-yard touchdown and jump into the lead. Back-and-forth drives stalling led to a Gunnar Holder interception and then a 2-yard rushing touchdown for the junior quarterback. As the seconds ticked down in the first, the Eagles held a 7-6 lead.

The 2nd quarter exchanged various blows but all in all, was uneventful, but Hinton did bust out another big-time carry for a TD and would head into the half with the 13-7 lead. After Hinton would once again tack on another big play touchdown, it seemed the Eagles were fading into another loss. The 4th quarter came through, and the Eagles answered quickly, with an 82-yard touchdown via the pass of Weston Smith to returning (from injury) junior Kevin Trillo for the touchdown, and then an onside recovery, it seemed the Eagle's chances looked plentiful.

Both teams evidently stalled, and within 2 minutes to go, the Comets tacked on a touchdown to give them a 2-score lead with almost no time. Chances looked bleak than ever until senior Carson Riddle burst out an 80+ yard kick return touchdown! Unfortunately, Hinton would still come away victorious following the failed onside. Final score Hinton 27 Hennessey 21. Story by Taylor Ladwig, photos by Jude Hestand.

CONGRATULATIONS JR HIGH LADY EAGLES

Junior High Lady Eagles took 3rd place at the Frontier Tournament this weekend. They are coached by Lisa Bossa and Amber Koehn.

LADY EAGLES AT DOVER FESTIVAL

The Lady Eagles played the Waynoka Railroaders today in a tournament at Dover. The day before, they lost to Dover and were looking to avenge their previous loss today. The game was close at the start, with the Eagles taking on the first run of the game. A Waynoka clutch 2 RBI double gave them a lead, but the Eagles responded to tie it up. The Eagles wouldn't be able to hang on much longer though, as Waynoka pulled away and won 4-2. Story by Taylor Ladwig, Photo courtesy of Josh Faulkner.

EAGLES CROSS COUNTRY AT CHEROKEE MEET

This morning, Eagle runners from elementary age to high school traveled to Cherokee to participate in a cross country meet. They gave an outstanding performance, including the high school girls coming in 2nd overall, and the elementary girls coming in 1st overall with Emily Bryson winning that division. The high school boys did not place the middle school boys placed 6th, the middle school girls placed 4th, and the elementary boys placed 7th. Photos provided.

94 BIRTHDAY CELEBRATION

Last Sunday, September 10th, friends and family gathered at The Hive to celebrate Patsy Pollard's 94th birthday. The event was a success, with a great turnout and colorful decorations that added to the celebration. Attendees were treated to a special OSU cake and enjoyed the musical talents of Peter Van Gee on the piano.

15 CAREER TOUCHDOWN PASSES

Hennessey Eagles' Senior Weston Smith has caught 15 Career Touchdown Passes, which has him tied for 4th most in HHS history. Friday night in Hinton, Smith threw his first TD Pass - an 82-yard strike to Kevin Trillo. Photo credit: Kenda Copeland

Education Foundation continued

the request of HESF. In 1997, the organization mounted the All-School Reunion to celebrate the 100th anniversary of Hennessey's schools. The group also welcomes memorial donations in the name of folks who have passed on. Two, graduating classes of Hennessey High School have donated monies to HESF. The HESF is now able to give Scholarships to High school seniors ready for college or trade school.

Upon the death of Raymond Kokojan, a graduate of Hennessey High School, HESF accepted generous funding from his estate.

The HEF has one basic purpose: to fund educational endeavors sought by either Hennessey teachers or Hennessey seniors. Teachers receive grants to modernize or customize classrooms, and seniors can apply for financial support when they begin their post-secondary education. Teacher grant applications are due by September 1 of each academic year while student applications for funding are due by January 1 for the fall academic semester and September 15 for the spring academic semester.

HESF benefits students at all levels of school. For example, teachers have acquired special education items and band equipment. The early childhood education program now boasts of an outdoor classroom supplied by HESF monies. Students have secured financial support for truck driving school, cosmetology school, welding school, or college. It matters not where a student pursues his or her academic training, for the HESF sees fit to help any student with the goal of furthering an education beyond high school.

All applications must be received by their appropriate deadlines in order to receive any consideration. Students must have a 2.5 grade point average on a 4.0 scale to apply. If selected for a grant, Hennessey students receive \$5,000 per year for four years for undergraduate or vo-tech study; the money is distributed to the bursar's office of the institution where the student will attend. Funds left over may be used as the student sees fit.

Representatives of HESF contact senior students during their final year of high school and give them informational packets and applications to request funds. If an application is completed and submitted in a timely fashion, that application will not be rejected. Unfortunately, not many students take advantage of this opportunity. Post-secondary education is costly, and a \$5,000 boost to help pay for college, trade school, or university classes would be a blessing to anyone desirous of pursuing further educational opportunities and career options.

For faculty members and high school seniors interested in tapping HESF funding, contact JoElaine Matousek, President (580) 541-1965 or Chandra Seiger, Scholarship Chairman (405) 853-5900

Students or parents may also contact the high school counselor, Jill Moery.

M&D ENTERPRISES THE STORY

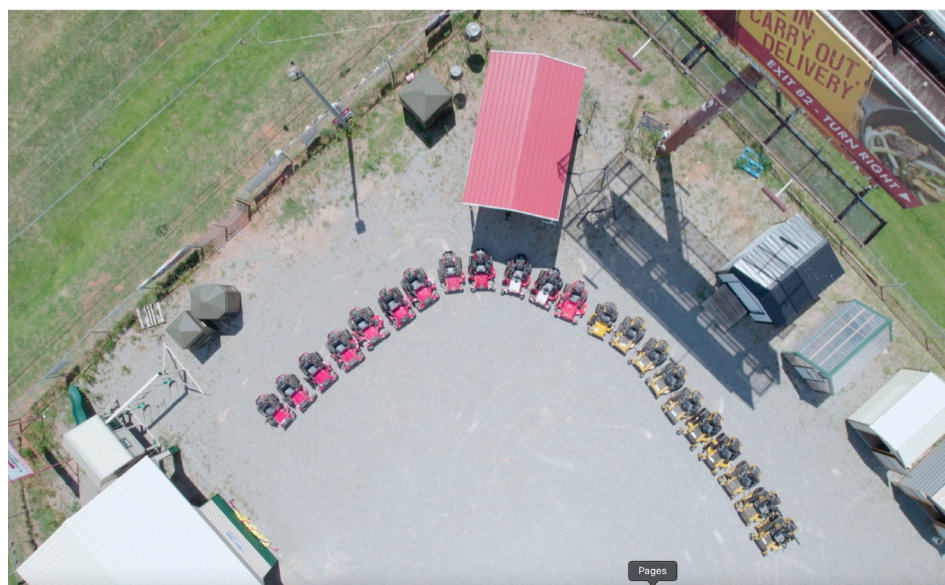

"For your best back yard, porch, or patio, we are your people." One of Mark Fuqua's, Owner of M&D Enterprises & Lawnmower Shops, favorite phrases. What is M&D Enterprises? Surely you have seen one of the numerous ads on great deals for anything back yard, porch, or patio! From lawn and garden tools to portable buildings. Metal Structures such as carports, shops, storm shelters and cool things for your patio or porch such as grills and furniture. They are also the largest mower dealer in Western Oklahoma with 7 different lines. A few products that will soon hit the M&D locations are Bobcat Tractors, Small Loaders, Utility Vehicles and more. They even have a specialty division with a few key products such as DeOilit, a product that breaks oil and grease down into non-contaminant particles.

Mark believes what has been key to the growth and survival of M&D is the parts and service business. This provides easy access to the products and services for local consumers. M&D began back in 2016 with their first store in Canton, Oklahoma. Fast forward 7 years and they now have 5 Fully stocked stores in Weatherford, Canton, Seiling, and 2 in Woodward! Mark hopes to extend to the northeast in the upcoming years.

Mark has always had a passion for providing quality products at reasonable prices to meet the needs of consumers. As Mark says, "Just making fair-priced products available withing the region." There are several factors that make M&D different from a big box store and even some local dealers. A personal touch, no pressure sales, and local parts and service. Along with pickup and delivery on the mower and equipment side.

For Mark M&D means not only making a living for his family but the families of the many team members they employ. Additionally, the opportunity to be active in supporting the communities they serve by supporting kid's programs and civic organizations. Lastly, to build stronger communities by providing donations and very desirable products for raffles and auctions for fundraising. Mark would like to thank his wonderful team of employees who work diligently every day to meet the needs of those they serve. As well as the thousands of customers who place their trust in M&D and have purchased products with them over the last 7 years. Mark states, "As we all know, not all employees are committed to taking care of folks the way they would like to be taken care of. Those employees don't usually last on the M&D Team. With that said, with all of the product's M&D sells it takes a very long time for a new team member to get trained. They appreciate the patience of the customers when dealing with trainees. Like it or not, since Covid this world and the people in it have changed both on the consumer and employee side." Mark feels very good about his team right now. He says, "No one always gets it right, but if you let me know we didn't get it right, I'll always try to make it right." Visit mdenterprisesok.com to learn more about their locations and product lines. Below are there current 5 locations. Give them a visit! 3524 Williams Ave, Woodward OK 73801, 510 Main St, Woodward OK 73801, 207 W Main St, Canton OK 73724, 116 N Main St, Seiling OK 73663, 3425 E Main St, Weatherford OK 73096
