### ACCIDENT WITH INJURIES

Hennessey Police and Fire responded to a collision with injuries at the intersection of Hwy 51 and N. Mitchell Road on Monday, November 6th at approximately 7:30 am. According to the police report, the 2004 Chevy pickup driven by Alfred Davis of Hennessey was traveling north on Mitchell Rd, when it was struck broadside in the intersection by Andres Benavides of Port Arthur, Texas who was traveling East on Hwy 51.

Davis was pinned in the vehicle and had to be extracted by Hennessey Firefighters. 2 minor passengers (names withheld) were also in the pickup with Davis and were transported to OU Medical Center in Oklahoma City by Kingfisher EMS with unknown injuries. Davis was transported via LifeEMS to Howdy's Travel Plaza and then flown by AirEvac Helicopter to OU Medical Center in Oklahoma City with unknown injuries.

Andres Benavides was not injured and was arrested and transported by Hennessey Police to the Kingfisher County Jail for no driver's license, no insurance, an expired tag, and speeding. Agency's Hennessey with the scene included Kingfisher County Deputies and Oklahoma Highway Patrol.

### ELECTRIC UTILITY TRUCK BURNS

Monday morning NS2890 near EW710 Rd. Northeast of Dover was closed while Dover Firefighters worked to extinguish a bucket truck fire. According to bystanders the engine on the bucket truck that was working on power lines caught fire. The operator was able to exit the bucket safely without injuries. When Dover Firefighters arrived the truck was fully engulfed in flames and was a total loss. The crew was doing power line work along 710 Rd when the fire started.

### IT'S THAT TIME OF YEAR

As the holiday season arrives, the city streets are being transformed with festive decorations.

City workers Jordan Mondoux, Kolten Shaw, and Blaze Shimanek were hard at work putting up Christmas garland Monday, November 6th. Reminding us that the town's Christmas Celebration, the Lion's Club Mistletoe Magic is just around the corner on December 9th!

## This paper

We provide crane and pumping unit services for Oklahoma, and parts of Kansas and Texas. We have new and used pumping units along with any parts it takes to repair them. We also have an inhouse machine shop that not only supports the oil and gas industry but a lot of local farmers and mechanics.

## HENNESSEY SCHOOLS FEATURE INTERNS

**Mikayla Pearson** is a senior at HHS. She is interning under Jacob Peery with the Oklahoma Department of Transportation. (ODOT) She has aspirations to be a civil engineer.

Mikayla was born in Oklahoma City and started school in Hennessey when she was a first grader. She is a member of the Hennessey Pride Band and the National Honor Society. Through NHS she has had the opportunity to volunteer at several local churches and schools including Stamp Out Hunger at the Christian Church and Heritage Night at the Early Childhood Center.

Mikayla became interested in civil engineering largely due to her father. In fact, her father was one of the engineers who designed the Skydance Bridge in Oklahoma City. During her sophomore year, she requested to job shadow with the bridge division of ODOT and was given that opportunity. Mikayla was able to see the planning, drawing, and execution plans of bridges and structures. Some of that time was also spent working on complex 3D modeling software. On her recommendations for the internship program, she received high reviews from the supervisor and engineers. Some of the words used to describe Mikayla were inquisitive, positive attitude, great problem solver, and good work ethic.

Mikayla plans on attending Oklahoma City Community College for two years and then transferring to the University of Oklahoma to earn a Bachelor's Degree in Civil Engineering.

**Landon Lopez** is a junior at HHS. He has decided on a career in nursing and is currently interning at Complete Family Care with Dr. Ferrell and his staff.

Landon was born in Brighton, Colorado. His family relocated to Hennessey before he turned one. He has been playing the flute in the band since he was in fifth grade. He is also a member of YAHL (Youth Action Health Leadership). YAHL is a youth-led statewide

initiative that promotes healthy behaviors for Oklahomans. He recently started a job at Gaviotas Mexican restaurant, where he works part-time. When he has some downtime, he enjoys watching reruns of Grey's Anatomy.

Landon had the seeds planted early on that would steer him toward a career in the medical field. His mother is a medical assistant, and he remembers as a five-year-old, traveling with his mom and watching her perform blood pressure screenings at various locations. Those memories as a young child would stay with him, and in his sophomore year of high school, he began thinking seriously about pursuing a career in nursing.

He is very excited about the learning experience he is receiving as an intern under Dr. Ferrell and his medical staff. Landon was already familiar with the staff. His mother works there and he used to work at the clinic as a janitor. It was then that Dr. Ferrell noticed

Landon's strong work ethic, punctuality, and positive attitude. He didn't hesitate in accepting Landon as an intern.

Landon has been assisting patients with their paperwork and is learning how to test patients for diabetes under the careful watch of the nurses. Every once in a while, Dr. Ferrell will call him in and let him observe a patient if it is something out of the ordinary. He enjoys it so much that it is not unusual to find him in the office on days when there is no school and some weekends.

Landon would like to continue being an intern next year. After graduation, he plans on attending either UCO or OU to get a degree as a registered nurse.

Both Mikayla and Landon are part of the Hennessey School Career & Internship Program. This program, directed by Kim Hallmark matches students with business allowing them to experience real-life day-to-day operations in a career field they have an interest in.

# ONE LAST RIDE

Senior night for the 0-9 Eagles kicked off last night vs the 1-8 Newkirk Tigers. A season filled with so much promise had hit a downward spiral, but the boys had one final chance to punch in a W. Newkirk started with the football and took hold of the lead early with a 10-minute, 17-play 82-yard touchdown drive. The Eagles would instantly respond though, as the senior Zack Tillman punched in a 6-yard touchdown. They'd get the football back immediately, and Luis Macias-Montoya would drill a short field goal for the 10-6 lead. The boys kept humming, and Senior WR Weston Smith fired a 34-yard touchdown to Kevin Trillo for the 17-6 lead. On the next drive though, the Tigers would take a 58-yard touchdown to paydirt and cut the lead to just 3. The boys were then backed up to their own 10-yard line and tossed a bubble screen the way of Kevin Trillo, who preceded to take it 75 yards and flip the field for the Eagles to the 15. A few plays later Holder would take it in for the 6-inch touchdown. An interception with a mere 13 seconds left seemed like the Eagles would just take it to half, but Smith had other plans. He took an 80-yarder back to the house to give the Eagles the 30-14 halftime cushion.

The Eagle's offense came to a halt in the second half, and the Tigers started to get into a groove. It was just an 8-point ball game headed into the 4th quarter. 12 minutes away from a sweet ending to the sour season, they held strong defensively until there were just 4 minutes and 21 seconds to play. Newkirk would punch in a touchdown and needed a 2-pointer, senior Cam Griffin would bring him down short, and all the offense needed to do was waste 4 minutes. That they did! A long, tough season for the boys will send the seniors off with a senior night victory in their final time rocking the Blue and White. The final score was 30 Eagles - 28 Tigers.
