GIRLS BASKETBALL OVERTIME VICTORY FOR 3RD PLACE

The Lady Eagles played for 3rd place against the Fairview Yellowjackets Saturday, January 6. Fairview jumped out to a hot start, leading by a good chunk early. The Ladies battled back though, winning the 2nd quarter outright and heading into halftime trailing by very little. A back-and-forth third quarter took us to the 4th, where Fairview maintained a small lead margin. The Lady Eagles wouldn't bow down and Emma Copeland came up big time, lacing a 3 from the wing to send it to overtime, where some clutch free throw shooting and good rebounding led to a Lady Eagle victory, and a 3rd place finish in the Three Rivers Tournament. The final score was 42-40.

BOYS BASKETBALL BLOWOUT WIN FOR 3RD PLACE

The top 5 ranked Hennessey Eagles had some getback to do after their buzzer-beating loss to Fairview the previous night. They did exactly that against the ranked Cashion Wildcats, with a statement win. Cashion looked sustainable early, knocking down outside shots but with the first-half dominance of James Sims and Jael Torres, the Eagles took a commanding lead into the half. They would finish up the 2nd half with ease and take home the 55-28 victory and 3rd place in the Three Rivers Tournament. Story by Taylor Ladwig, photos by Jude Hestand

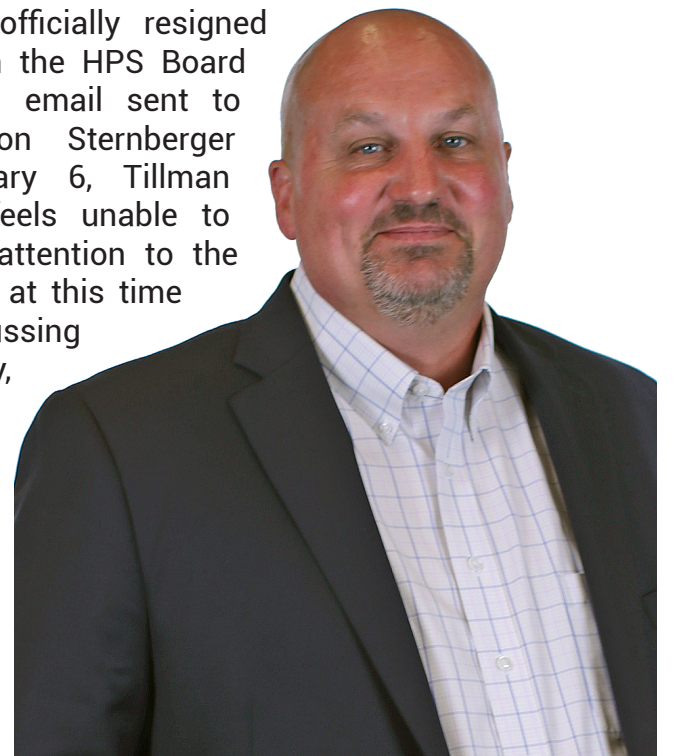

DAVID TILLMAN RESIGNS FROM HENNESSEY SCHOOL BOARD

David Tillman has officially resigned from his position on the HPS Board of Education. In an email sent to Superintendent Jason Sternberger on Saturday, January 6, Tillman explained that he feels unable to give the necessary attention to the students and faculty at this time in his life. After discussing with his family, Tillman believes that resigning is the best decision for himself and his family at this moment.

Tillman expressed his love and admiration for the administration, faculty, and students of the district, and wishes for them to have someone who can focus on making the best decisions for all. Board President Luke Lough acknowledged Tillman's need to prioritize his own well-being and appreciated his nearly three years of work on the board.

During the board's meeting on Monday, January 8, Superintendent Sternberger announced Tillman's resignation. He requested action to be taken under a new business item, which can only be voted on when unknown items arise after the agenda has been posted. The board's agenda was posted on Friday, January 5.

Sternberger informed the board that they have 60 days to appoint a replacement for Tillman. If they fail to appoint someone at the regular meeting in February, a special meeting will need to be called before the March regular meeting, as it would exceed the 60-day time limit. The individual appointed will fulfill the remaining duration of Tillman's term. A process to elect a successor will commence in 2025, and the actual election will be held in 2026.

ALL AREA HONOR BAND CONCERTS IN FAIRVIEW

On Tuesday, January 9th a group of eleven talented Hennessey Pride band students had the honor of representing Hennessey school at the All-Area Honor Band Concerts in Fairview. The 7th and 8th Grade Band was skillfully conducted by Marci Kitchens from Cheyenne Public Schools, while the High School Band was led by Seth Boothby from Tuttle Public Schools.

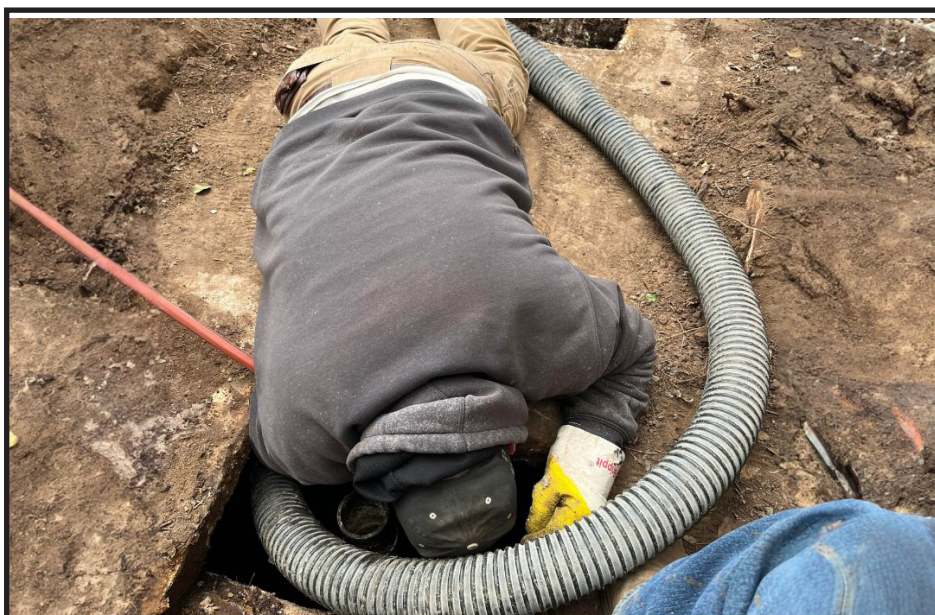

THE FINAL HIGHWAY WELCOME SIGN HAS BEEN INSTALLED!

It took several years but the final large highway welcome sign was installed last week. This sign, located east of Hennessey took several years to get installed because of the highway construction on Hwy 51. This sign sat in Royal Signs shop for a very long time and they were glad to get it out and installed where people could see it. ODOT had a hold on all right-away signage until they had finished the road work.

OG&E had to help out with the installation by temporarily moving the overhead power lines to allow the crane to lower the sign into place. Project coordinator Jack Quirk said, "There was a storm coming in so OG&E said we have to get this done quickly before it starts raining." The Royal Signs crew worked in the dark Wednesday night to complete the installation.

Next Farmers Electric will install a meter and wire the sign for lights. These signs are part of the partnership between All About Hennessey/KJ FilmWorks and the Town of Hennessey. This program's mission is to improve the look and appearance of the Town and to make it more welcoming to visitors. Several more signs are coming soon and will start appearing around town offering better directions to locations along with additional park signage.

HENNESSEY SCHOOLS FEATURE INTERNS

The All About Hennessey POST Features 2 students from the Hennessey High School intern program each week. This week's students are Alondra Portillo and Alyssa Gilliland.

Alondra Portillo is a senior at HHS. She is an intern for Megan Lippard at Blossom Beauty Bar in Enid. (Alondra pictured on the right)

Alondra was born in Santa Fe, New Mexico, and moved to Hennessey and she has attended HPS since kindergarten. She is a member of the National Honor Society, Youth Action for Health Leadership, and has been a member of the Hennessey girls' volleyball team for four years.

Currently, she is working at Casa Teja in Hennessey. Alondra's favorite pastime is creating flower bouquets. Friends and family were so impressed by her creations that they began requesting her bouquets and now she has her own little business on the side.

A little over a year ago, Alondra was involved in a serious ATV accident that caused serious injuries to her face that required surgery. The plastic surgeon did such a wonderful job, that she began to consider a career as an aesthetic nurse.

Alondra shared that she is thoroughly enjoying her time at the Blossom Bar under the guidance of Megan Lippard. She has been able to observe a variety of procedures including, laser hair reduction, chemical peels, and Botox injections.

After graduation, Alondra plans on attending Rose State College to begin the nursing track and then transfer to the University of Oklahoma to finish her degree.

Alyssa Gilliland is a junior at HHS. She is interning under Stacy Cline at "The Mercantile". Alyssa Started School at Cimarron Montessori School in Enid, then began seventh grade at HPS. During her freshman and sophomore years, Alyssa was a trainer for the HHS football and wrestling teams.

Alyssa is interning at the Mercantile to develop better communication skills, she will be the first to tell you that she is very introverted and shy. She chose to work with Stacy because it seemed to be the perfect environment for her to work on improving her communication skills while helping customers.

Alyssa has decided that she wants to be a commercial pilot. Her dad has always had an interest in planes as long as she can remember, and according to Alyssa, he is very knowledgeable on the topic. She took her first plane ride on a commercial flight at a

young age and has flown quite a few times since then. She loves the atmosphere of being at an airport. Southwest is her favorite airline and she expressed that she would be open to flying cargo planes as well. Alyssa plans on attending Oklahoma State University and studying Aerospace Administration and Operations.

Both Alondra and Alyssa are part of the Hennessey School Career & Internship Program. This program, directed by Kim Hallmark matches students with business allowing them to experience real-life day-to-day operations in a career field they have an interest in.

TROY WATKINS RETIRES AFTER 30 YEARS

After more than 30 years of service to the Town of Hennessey Troy Watkins has announced his retirement. There will be a going a retirement party open to the public on January 25th from 3:00 p.m. - 4:00 p.m. The public is welcome to come by and enjoy cake and refreshments and thank Troy for his lengthy service to the town. We will have further details as it gets closer.

ELECTRICAL & GENERATORS

LAW ENFORCEMENT APPRECIATION DAY JANUARY 9TH

Law enforcement officers at every level have made the courageous decision to devote their lives to protecting their communities. They have willingly embraced a demanding and often under appreciated profession, where they constantly put themselves in harm's way.

From local to state to federal agencies, these officers perform their duties with unwavering dedication. Their jobs are often thankless, requiring them to sacrifice time with their loved ones for long hours on the job. They face the uncertainty of each day, never knowing what challenges they will encounter. In many cases, law enforcement officers are the only paid emergency responders available to a community. They frequently collaborate with other agencies to ensure the safety of the communities they serve.

On National Law Enforcement Day, we have the opportunity to express our gratitude for their invaluable service and show our respect for their sacrifice. We want to thank our Hennessey Police Officers, Kingfisher County Deputies, and Highway Patrol Officers.

**Law Enforcement
Appreciation Day!**
Today we honor and thank our brave
police officers for their service.

Merry Christmas from Representative Dobrinski

By Rep. Mike Dobrinski

I would sincerely like to wish everyone a very Merry Christmas, and I hope you all enjoy a joyous, peaceful holiday with your loved ones.

Before the end of the year, I wanted to give an update on the implementation of the Terry Peach North Canadian Watershed Restoration Act. This act, put in statute through my House Bill 2239, created a pilot program to explore solutions to the red cedar infestation prevalent in our state.

Since July, I've been working with Trey Lam, executive director of the Oklahoma Conservation Commission, who is directing efforts through the Conservation County District Offices to eradicate red cedars and other invasive species in the North Canadian watershed. They are using prescribed burns and other methods to create brush-free zones around communities and rural infrastructure. They recently began mechanically removing red cedars near Boiling Springs State Park near Woodward and have made quite a bit of progress.

The documentation of their efforts gives them a framework of research to expand the program across the state. The Legislature appropriated almost \$3.3 million to start this program, which I'm confident will pay huge dividends for us as it reduces wildfires and conserves precious water. Lam said the current negative economic impact from cedars is \$500 million.

Another topic of great interest in our district is securing broadband Internet access for people lacking high-speed service. The Broadband Governing Board is expected to award its first grants to providers in January. This first series of grants will be funded from the \$374 million in American Rescue Plan Act funding that was allocated to the Oklahoma Broadband Office by our House and Senate Joint Committee on Pandemic Relief Funding.

The executive director of the office, our former state Rep. Mike Sanders, said they have received 300 funding proposals totaling \$5 billion. I know it's a herculean effort to cull those requests down to distribute available funding, but I'm hopeful for results that will reach a number of Oklahoma communities, including in our area. The board will be distributing additional funding from other programs in the future. A number of private companies also are working on installing broadband service throughout the state, but that is not funded with state dollars.

On a separate note, it's been very disappointing to me that state Superintendent Ryan Walters has been in the news so much lately for what appears to be a failure to communicate or share necessary information with the chair of the House Appropriations & Budget Education Subcommittee. For an elected official to fail to share numbers requested by a member of the Legislature that will oversee their state budget request is quite honestly foolish. The records requested have been subpoenaed. Not an ideal situation, but here's hoping the information will now be shared and we can move on to the important business of making sure Oklahoma students are best prepared for the future.

Lastly, after three years serving as vice chair of the House Utilities Committee, Speaker Charles McCall has named me chair. This responsibility covers many areas important to our citizens. Most timely now is ensuring our electrical infrastructure meets the demand of our growing state to provide reliable and affordable service to our homes and businesses.

Please remember, if I can help you with something, do not hesitate to reach out. You also can follow regular updates on my House Facebook page or call or email anytime at (405) 557-7407 or Mike.Dobrinski@okhouse.gov.

In your service, Mike Dobrinski

January 7, 2024 Arrest for Failure to keep proper lane, failure to yield to emergency vehicle, public intoxication, disobeying a lawful order, and no drivers license. Officer Tyler Baxter stated in his report that he observed a vehicle on 7th street from the intersection of Main traveling in the opposing lane of travel.

According to the report, 19 year old Irvin Quantanilla did not stop his car once officer Baxter initiated his emergency lights and continued to drive to 7th and Cemetery. It was not until Baxter drove in front of Quantanilla that he was able to get him to a stop.

Once stopped, Officer Baxter asked Quantanilla to step out of the vehicle which he refused to do, telling the officer to wait a second. Once, Mr. Quantanilla did exit his car the report states that he was walking with a sway and having trouble focusing. He was advised that he did not have a license in any of the 50 United States.

According to the report, At approximately 02:30 Quantanilla was placed under arrest for Failure to keep in Proper Lane, Failure to Yield to Emergency Vehicle, Public Intoxication, Disobeying a Lawful Order, and No Driver's License. Quantanilla was transported to Kingfisher County Jail and released to the Kingfisher County Jail Staff without further incident.

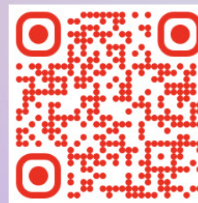

January 3, 2024 Agency Assist (Elderly Male Operating Motor Vehicle SB In NB Lane)-Medical Issue Officer Brad Logan stated in his report that he was contacted by dispatch at 12:52 am that it was reported that a mustang driving recklessly southbound in the northbound lane on US Highway 81.

The report states that while waiting at 1200 N Main Street for the suspect vehicle, Kingfisher County Deputy Farrar stopped the vehicle and was requesting assistance. Officer Logan stated that he left his jurisdiction to assist on the stop at County road 610 and Highway 81.

It is then stated in the report, that the driver pulled over was an elderly man identified as 76 year old Carl Virgil Carrol from Enid, Oklahoma. The report states that Mr. Carrol was confused and did suffer from a medical issue. Officers on scene were able to contact his family who came to pick both he and his vehicle from the location.

618 N Main Street

Kingfisher County Emergency Management is Hiring Title: Emergency Management /911 Assistant Pay Type: Full Time Pay Rate: \$18.00hr Application deadline: Until Filled

Summary: This is a full-time position 40 hours a week whose essential function is to assist the Director to Emergency Management / 911.
Focus: To support and assist the Emergency Management / 911 Director with creating a more sustainable and resilient community that is able to Prepare, Respond, Recover and Mitigate all hazards that may pose a threat to life and/or property

Position Duties:

Support the Office of Emergency Management /911 with development, continuous maintenance, and implementation of comprehensive enterprise continuity plans, ensuring that the enterprise is resilient, can conduct safe operations, and expedite recovery related to significant man-made or natural incidents.

Ensure integration of the Incident Command System (ICS) and National Incident Management Systems (NIMS) principles into enterprise continuity planning.

Collaborate with the Director of Emergency Management / 911 and department liaisons to ensure integration of continuity plans into the Comprehensive Emergency Management Plan and E911 Standard Operating Plan.

Assist in the management, development, and organization of the Comprehensive Emergency Management Plan.

Participate in threat analysis to assess and identify threats to normal business, academic, and research operations in order to analyze and mitigate risk to the institution. Conduct initial and periodic evaluations of jurisdiction preparedness related to potential natural, technological, or man-made threats.

Meet regularly with the Director of Emergency Management 911 to review the Comprehensive Emergency Management Plan and other plans within Emergency Management and 911 to discuss recommendations and opportunities to enhance safety and continuity of operations.

Assist the Director of Emergency Management/911 in development of policies, procedures, and programs related to emergency preparedness, emergency communications, and general life safety.

Participate in the emergency response and disaster recovery efforts with local, state, VOAD and federal authorities.

Generate and analyze data and produce reports/briefings relevant to continuity planning. Track and organize data and reports for quick reference.

Research grant opportunities related to Emergency Management and 911.

Maintain proficiency in utilization and manage all aspects of WEB-EOC. Ensure system functionality, necessary updates and required training are achieved through routine communication with the state.

Develop metrics and evaluation tools to measure and periodically report on effectiveness of continuity plans.

Responsible for account management, system functionality, support, troubleshooting, and training approved personnel in business continuity software operations.

Serve in a response function to the Emergency Operations Center (EOC), during emergencies and special events overseeing activation and implementation of appropriate continuity plans.

Assist in planning, design, and implementation of disaster preparedness and emergency management training and drills. This shall include but not be limited to table-top, functional, and full-scale exercises designed to test emergency response and continuity plans. Provide instructional or logistical support as needed to emergency responders.

Support training, internships, and outreach programs including those in collaboration with other departments or local, state, and federal agencies.

Activate the EOC and emergency mass

notification systems as needed.

Serve in the appropriate Incident Command System role during Emergency Operations Center (EOC), activations.

Deploy to emergencies and special events as needed.

Other duties or projects as assigned as appropriate to rank and departmental mission.

Assist office clients in person, electronically or by phone.

General duties to run and maintain an office environment.

Assist agencies that we serve i.e. Fire Departments, Law Enforcements, Municipalities and County Government as needed.

Assist other Emergency Management / 911 agencies via mutual aid or when asked by a neighboring community.

Handle inquiries or complaints in an expeditious, courteous and professional manner.

Route inquiries to the appropriate officials when needed.

Assist with writing and securing grants for Emergency Management and 911.

Assist with maintaining the current and future awarded grants.

Participates in local Emergency Management / 911 meetings, within the City, County, Region, State as needed or required.

Attends approved professional development opportunities that are approved by Emergency Management and 911.

Receive a passing certificate from FEMA ICS classes required i.e. ICS 100, ICS 200, ICS 700, ICS 800, ICS 300, ICS 400, IS 120, IS 230, IS 235, IS 240b, IS 241b, IS 242b, IS 244b and any other requirements that may not be know of at this time but required by FEMA or State within twelve months from employment.

Be able to work 12 hours plus shifts in time of disaster.

Be able to respond to Emergency Operations Center within 30 minutes from notification.

Attend training that will require overnight stay that may last up to 10 days.

Be available in the time of need, we are first responders and we are required to work days, nights, and holidays if needed by the response type.

Be available to support the 911 center 24 hours a day 365 days a year.

Preferred Education, Knowledge, Skills and Abilities

High School, or Higher Education
Well-developed writing, public speaking, problem solving and decision – making skills
