-HENNESSEY'S HOMETOWN NEWSPAPER-

MONDAY ARREST MADE FOLLOWING AN UNDERCOVER INVESTIGATION BY OBN

In a covert operation conducted by the Oklahoma Bureau of Narcotics, a man from Hennessey, Francisco Arnoldo Payan Izabal, 39, was apprehended and now faces three felony drug charges. The charges include aggravated trafficking in methamphetamine, trafficking in cocaine, and maintaining a place for storing and selling controlled substances. Izabal is currently being held at the Kingfisher County Justice Center, with a bond set at \$1 million.

The arrest took place on Monday after a search warrant was executed by agents from the OBN, along with officers from the Kingfisher County Sheriff's Office, Enid Police Department, and Oklahoma Highway Patrol. The warrant was obtained after an investigation that commenced in December 2023, as stated in the probable cause affidavit signed by OBN agent Brandon Powell.

The affidavit indicated that the investigation began at Izabal's residence on 812 S. Main St. in Hennessey. Agents obtained the cellular phone number of a person named Luis Ceja Duarte, whom they believed to be the occupant. Starting on January 5, an undercover agent initiated communication with Duarte, who agreed to sell the agent 10 pounds of methamphetamine.

Later, Duarte offered to supply the agent with more methamphetamine if needed and suggested meeting in Enid. As per the affidavit, a "brick" of methamphetamine refers to one pound of the drug. The agent agreed to purchase 20 pounds from Duarte, with the transaction scheduled for January 8 in Enid. On January 7, the agent contacted Duarte to confirm the deal.

During this phase of the investigation, a search warrant was obtained through the Kingfisher County District Court. Surveillance of Duarte began on January 8, as he traveled to Oklahoma City, presumably to acquire more methamphetamine. However, the surveillance team was compromised after several hours, leading to the decision to stop

continued on page 3

FIVE DAYS OF FREEZING WEATHER

Unfortunately, the forecasters were accurate in their prediction of an arctic blast hitting Hennessey last Friday. Within 12 hours, temperatures dropped a staggering 50 degrees. According to the National Weather Service in Norman, high temperatures on Thursday afternoon were 63 degrees. However, we awoke on Friday morning to a chilling 14 degrees, and it only got colder from there. By Tuesday morning, the thermometer read a bone-chilling 0 degrees.

Pipe Break at Hennessey Care Center

On Sunday afternoon, disaster struck at the Hennessey Care Center as a pipe broke, triggering a fire alarm. Fortunately, the staff was quick to respond and managed to clean up the leak, resulting in the Hennessey Fire Department being called off.

Snowfall

Sunday afternoon brought moderate snow to the area, with accumulations ranging from 1 to 2 inches, depending on location. The snowfall forced several churches and restaurants in Hennessey to cancel their services and close their doors. Additionally, the Oklahoma Highway Patrol reported a number of minor accidents in and around Kingfisher County during Sunday afternoon and evening, as the snow-covered roads made driving treacherous.

Water Leaks and Long-Term Outlook

Although the Town of Hennessey did not report any water leaks at the time, it is common for them to surface as things begin to thaw. Unfortunately, the long-term forecast does not offer much

relief. We can expect below-freezing temperatures to persist until Wednesday, with highs in the 40s. However, after that brief respite, temperatures are predicted to drop below freezing again for several more days, with a chance of rain starting next Monday.

THIS PAPER BROUGHT TO YOU BY

1606 S 13th St, Kingfisher, OK 73750 405-375-7211
14138 E 650 Rd, Hennessey, OK 73742 405-853-7212

Orco Service, LLC, a local and family-owned oil and gas business owned and operated by Junior and Norma Orozco for the past 16 years.

HENNESSEY BOARD OF TRUSTEES FIRST MEETING OF 2024

The Hennessey Board of Trustees met for the first regular meeting of the New Year and accepted a REAP grant for \$160,000 to replace, and increase the size of the water line in front of the school along Mitchell Rd. This is just the beginning of the process as well as the cost. Town administrator, Tiffany Tillman told the board that it is going to take another \$200,000 to complete this. This waterline has become a problem for the school because they want to cover the ditch along N. Mitchell Road in front of the school which would make it safer and allow for additional parking. The school sent out bids for the job only to find out the town's waterline is in the way and had to be moved.

WATER METER DAMAGE

Over the past few years, the town has installed new water meters that have a transmitter on them that makes reading them easier along with additional features that can track water usage by the hour. The board learned during the meeting that these are being damaged or vandalized and cost quite a bit to repair them. They voted to create an ordinance that will charge the homeowner if one is damaged.

LAND DONATED

Richard Simunek has been trying to donate the 11 vacant lots he owns located at 115 W 2nd St. for several years. For various reasons, it kept getting pushed back until this week when the town board accepted the donation and signed the deed. Richard's goal all along has been to donate the land that could be used as a park or event space for the community. Richard asked that the area be referred to as Emil E. and Wilma Janky Simunek Park. This land adjoins the area already owned by the town where the new town pavilion is being constructed making this new event space almost a full city block in size.

EAGLE
PROPANE

-HENNESSEY'S HOMETOWN NEWSPAPER-

James (Jim) Everett Bruner, Jr. Obituary

James (Jim) Everett Bruner, Jr., having fought the good fight, having kept the faith, finished his race on January 10, 2024 with his loving wife by his side.

Jim was born in Mansfield, Louisiana on August 11, 1951 to the late James and Catherine Bruner, Sr. Jim graduated from Hennessey High School in 1969. Shortly after high school Jim volunteered for the US Army and was a proud veteran.

Jim married Virginia (Ginny) Randolph in Mt Vernon, IL in 1974, and remained steadfastly married for 49 years. Jim and Ginny moved to Hennessey shortly after marrying and made Hennessey their home. Jim faithfully served the Hennessey Church of Christ as an Elder for many years before his retirement.

Jim is survived by his wife Ginny Bruner; sons, Chad (wife Jennifer) Bruner of Edmond, OK, Christopher (wife Jennifer) Bruner of Anna, TX; and grandson, Wyatt. He was preceded in death by his daughter Kerri Marie. He is also survived by brothers Bill Bruner of Tulsa, OK and Mark Bruner of Hennessey, OK and sisters Dot Goodpasture of Enid, OK, and Kay Chatterji of Enid, OK.

Funeral services will be held Saturday, January 13, 2024 at 2:00 PM at the Hennessey Church of Christ officiated by Lanny Jobe. Open casket viewing at 1:00PM.

Larry Lee LaPorte Obituary

Larry Lee LaPorte of Myrtle Beach South Carolina and a former resident of Philadelphia, PA and Hennessey, OK, passed away peacefully on Thursday November 30, 2023. He was 90 years old. Born July 6, 1933 in Hennessey, OK, he was the son of the late Gerald and Ella (nee Smith) LaPorte, and the beloved husband of Darlene Trimble, with whom he shared 30 years of marriage.

Larry served his country proudly and was honorably discharged from the US Army. He had a passion for landscaping, baseball, University of Oklahoma football, and especially golf.

In addition to his wife Darlene, Larry is survived by two sons, Kerry and Kerby, sisters Deannie and Connie, and brothers Curt, Pat, and Charlie, and many nieces and nephews. He was preceded in death by his daughter Kyla, sister Juanita, and brothers Ed and Richard.

Relatives and friends are invited to share in Larry's Life Celebration on Thursday December 21, at 1 PM at Boyd-Horrox-Givnish of East Norriton, 200 West Germantown Pike, 610-277-7000. His Memorial Service will begin at 2 PM at the funeral home. Interment will be private at the convenience of the family. In lieu of flowers, donations in Larry's name can be made to the Alzheimer's Association (www.alz.org).

Drug arrest continued

Duarte. Upon being stopped in Oklahoma City, Duarte was found to be in possession of cocaine.

At 5:08 p.m., a search warrant was executed at Izabal's unoccupied residence in Hennessey. In the master bedroom, agents discovered six black bundles located in a box at the bottom of a TV stand. Based on their training and experience, the agents recognized these bundles as the type typically used for packaging illegal substances, as noted in Powell's affidavit. Additionally, other substances consistent with methamphetamine and cocaine were found in the house, along with suspected drug ledgers and items linking both Izabal and Duarte to the narcotics.

Duarte was subsequently questioned by agents in Oklahoma City, during which he revealed that his name is actually Francisco Arnaldo Payan Izabal. As the search warrant was executed, Powell observed a car matching Izabal's description, a black Nissan Altima, in the garage.

Field tests conducted on January 9 confirmed the presence of methamphetamine and cocaine in the seized items. Approximately seven pounds of methamphetamine and around 63.5 grams of cocaine were weighed. The substances are now being submitted to the OSBI lab for further analysis and official weight determination.

Izabal appeared in Kingfisher County District Court, where he pleaded not guilty to the charges. His next court appearance is scheduled for 3 p.m. on Thursday, January 25. If convicted, the aggravated trafficking charge carries a penalty of up to 20 years in prison and a fine ranging from \$50,000 to \$500,000. The trafficking charge also carries a punishment of up to 20 years in prison and a fine of \$25,000 to \$100,000. Finally, the third charge could result in a fine up to \$10,000 and/or up to five years in county jail.

Staying Active and Independent for Life (SAIL) is a fitness program for older adults, which can be done sitting or standing. Performing exercise that improves strength, balance and fitness is critical for staying active and reducing the risk of falls. The SAIL program was designed with these principals in mind. Each class includes warm-up, stretching, cardio, balance, and strengthening exercise, as well as a cool down.

Are You Ready To:

- Improve balance and posture • Strengthen muscles • Improve your quality of sleep • Enhance stamina • Increase energy levels • Relieve stress • Improve cardiovascular functions • Lower high blood pressure

Presented by OHA

Eagles take on the Trojans!

The Lady Eagles headed to OBA to try and avenge their three rivers loss to the Trojans Friday, January 12th. They didn't get out to the hot start like they did in the previous matchup though, and OBA jumped out quickly to a double digit lead. The Eagles battled it back to 24-8 as the half closed. They gained some momentum late in the 3rd and the score sat 37-20, but the Trojans would not be denied on their homecoming night, and would win 46-22.

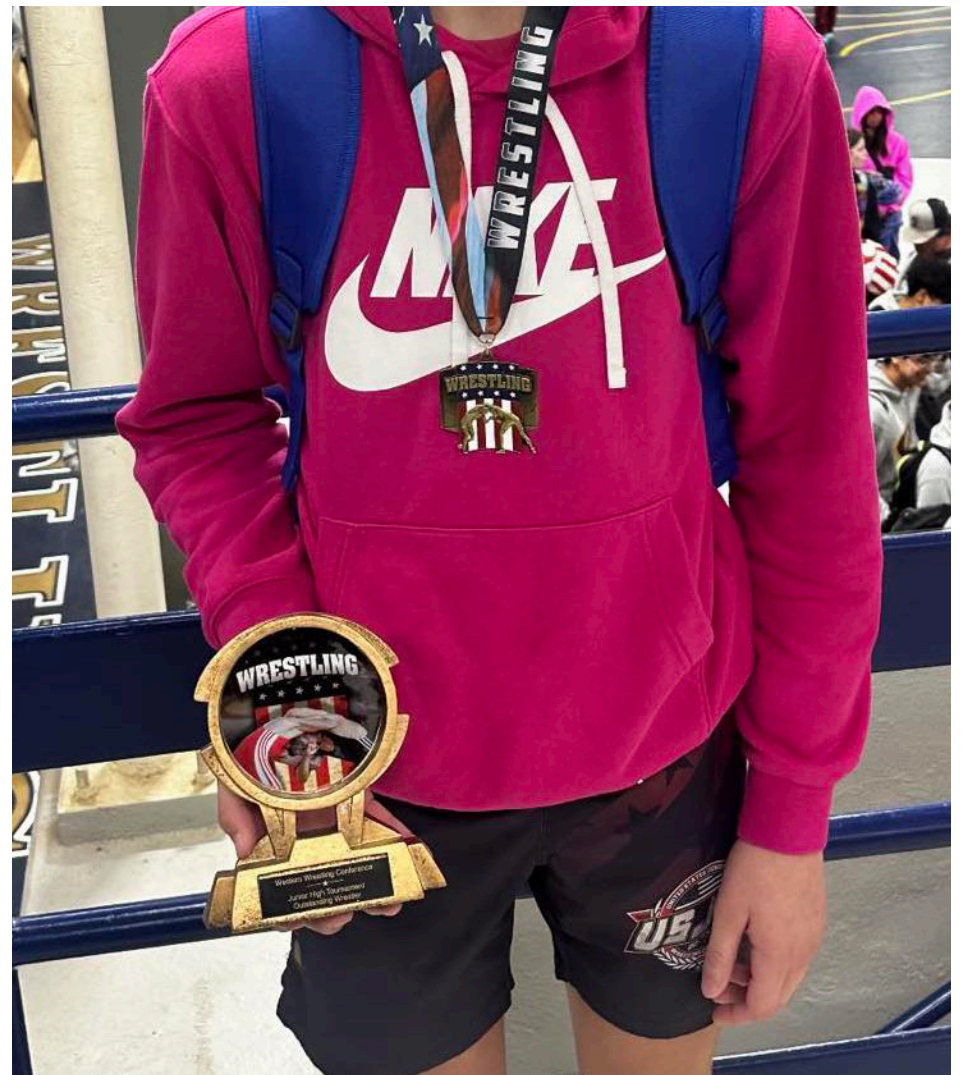

The highly ranked Hennessey Eagles faced off against the OBA Trojans last Friday night. On paper, they outmatched OBA, but relentless shooting from downtown and tough defense would be their Trojan horse if they wanted to win. At the start of the game, it seemed they slipped past the guard and caught the Eagles off footing. The boys however would slowly catch their grip and start knocking down their attempts, but OBA was waiting in the rear view at halftime, 28-19. In the 2nd half though, the Eagles made all the right adjustments, and came out to the tune of knock down three point shooting of their own courtesy of Camdyn Richardson and James Sims. OBA simply didn't have enough, and would lose 63-35. Story by Taylor Ladwig, photos by Jude Hestand.

UNDEFEATED

Congratulations to Kason Scruggs outstanding wrestler at the Western Conference junior high tournament, upper weight division, first place one All matches by fall. Kason remains unbeaten for the HENNESSEY Eagles Jr High Wrestling team. Titan Root also placed for the Jr high Eagles 6th at Heavyweight.

Westyn Hopkins placed 2nd at 120 pounds in High School while Adin Dickens and Zack Tillman were also placed winners for high school at 6th place in the Western Conference. Congratulations Eagles.

HHS LEADERSHIP CLASS GOES TO COURT

On January 10th, a group of 29 seniors from HHS had the opportunity to visit the Kingfisher County Court as part of a field trip organized by Hennessey United, led by Cathy Howard. The day started off with breakfast at the local McDonald's in Kingfisher.

Once at the courthouse, the students had the privilege of listening to two county officials who shared insights about their careers. Ray Shimanek, the County Commissioner, and Dennis Banther, the Sheriff, spoke about their experiences. Additionally, Associate District Judge Lance Schneider took the students through a mock trial, providing them with a deeper understanding of the inner workings of the law.

This educational journey was made possible by Mrs. Parrish's Leadership class. The students had a great time and gained valuable knowledge throughout the day. Story by Marie Parrish, photos by Cathy Howard.

HENNESSEY SCHOOLS FEATURE INTERNS

The All About Hennessey POST Features 2 students from the Hennessey High School intern program each week. This week's students are Addison Null-Kelly and Daytona Bohnstedt.

Addison Null-Kelly is a junior at HHS and just started an internship this semester with third-grade teacher, Katie Matthews.

Addison was born in Bakersfield, CA. When she was just a toddler, her family made the move to Hennessey to be closer to family. Addison has been playing the clarinet with the band since sixth grade. She has also been a member of the jazz band for three years. As a member of YAH (Youth Action for Health Leadership), Addison and another student, Abigail Holsten, recently shared information with the

Hennessey Town Board about the organization and its efforts to make students aware of the hazards of vaping and tobacco.

She is active in the First Christian Church Youth Group of Hennessey where she has been a part of the Angel Reserve Christmas project and assisted with a Welcome Table in Enid for the homeless. She has been working at Sonic for the last year and a half and she loves to dance to her favorite songs when she has any free time.

Last year as a tenth grader, Addison was inducted into the National Honor Society. One of the requirements is for students to volunteer. She became a mentor for a student, and during this time teaching piqued her interest. She has been thinking about other careers, but so far her passion for teaching is outweighing the higher salaries. Her tentative plans are to attend the University of Oklahoma and get a degree in Special Education.

Daytona Bohnstedt a senior, is interning at the Hennessey Elementary School under Katie Soudek, the elementary counselor. Daytona was born in

Enid, Oklahoma, and started at HPS as a second grader. Her extracurricular activities include cheerleading for the football and basketball teams and participating in the HHS band's Color Guard.

She has been active in FCCLA and served as secretary and vice president of social media for the organization. She is a part of the FBC Youth Group and she has been a babysitter off and on through high school. On Friday she helps deliver food to seniors. Daytona

is considering a career in education with a focus on school counseling, but won't rule out becoming a classroom teacher. She chose to do her internship under the elementary counselor. When Miss Soudek let Daytona plan out a lesson for a first-grade class, she chose one on positive thinking. One Friday when Miss Soudek was absent, Daytona was given the responsibility to hand out the Character Counts Awards to the elementary students. She admits that she was a little bit nervous but was grateful for the opportunity. After graduation, Daytona plans on attending Northwestern Oklahoma State University.

Both Addison and Daytona are part of the Hennessey School Career & Internship Program. This program, directed by Kim Hallmark matches students with business allowing them to experience real-life day-to-day operations in a career field they have an interest in.

Kingfisher County Emergency Management is Hiring Title: Emergency Management /911 Assistant Pay Type: Full Time Pay Rate: \$18.00hr Application deadline: Until Filled

Summary: This is a full-time position 40 hours a week whose essential function is to assist the Director to Emergency Management / 911.
Focus: To support and assist the Emergency Management / 911 Director with creating a more sustainable and resilient community that is able to Prepare, Respond, Recover and Mitigate all hazards that may pose a threat to life and/or property

Position Duties:

Support the Office of Emergency Management /911 with development, continuous maintenance, and implementation of comprehensive enterprise continuity plans, ensuring that the enterprise is resilient, can conduct safe operations, and expedite recovery related to significant man-made or natural incidents.

Ensure integration of the Incident Command System (ICS) and National Incident Management Systems (NIMS) principles into enterprise continuity planning.

Collaborate with the Director of Emergency Management / 911 and department liaisons to ensure integration of continuity plans into the Comprehensive Emergency Management Plan and E911 Standard Operating Plan.

Assist in the management, development, and organization of the Comprehensive Emergency Management Plan.

Participate in threat analysis to assess and identify threats to normal business, academic, and research operations in order to analyze and mitigate risk to the institution. Conduct initial and periodic evaluations of jurisdiction preparedness related to potential natural, technological, or man-made threats.

Meet regularly with the Director of Emergency Management 911 to review the Comprehensive Emergency Management Plan and other plans within Emergency Management and 911 to discuss recommendations and opportunities to enhance safety and continuity of operations.

Assist the Director of Emergency Management/911 in development of policies, procedures, and programs related to emergency preparedness, emergency communications, and general life safety.

Participate in the emergency response and disaster recovery efforts with local, state, VOAD and federal authorities.

Generate and analyze data and produce reports/briefings relevant to continuity planning. Track and organize data and reports for quick reference.

Research grant opportunities related to Emergency Management and 911.

Maintain proficiency in utilization and manage all aspects of WEB-EOC. Ensure system functionality, necessary updates and required training are achieved through routine communication with the state.

Develop metrics and evaluation tools to measure and periodically report on effectiveness of continuity plans.

Responsible for account management, system functionality, support, troubleshooting, and training approved personnel in business continuity software operations.

Serve in a response function to the Emergency Operations Center (EOC), during emergencies and special events overseeing activation and implementation of appropriate continuity plans.

Assist in planning, design, and implementation of disaster preparedness and emergency management training and drills. This shall include but not be limited to table-top, functional, and full-scale exercises designed to test emergency response and continuity plans. Provide instructional or logistical support as needed to emergency responders.

Support training, internships, and outreach programs including those in collaboration with other departments or local, state, and federal agencies.

Activate the EOC and emergency mass

notification systems as needed.

Serve in the appropriate Incident Command System role during Emergency Operations Center (EOC), activations.

Deploy to emergencies and special events as needed.

Other duties or projects as assigned as appropriate to rank and departmental mission.

Assist office clients in person, electronically or by phone.

General duties to run and maintain an office environment.

Assist agencies that we serve i.e. Fire Departments, Law Enforcements, Municipalities and County Government as needed.

Assist other Emergency Management / 911 agencies via mutual aid or when asked by a neighboring community.

Handle inquiries or complaints in an expeditious, courteous and professional manner.

Route inquiries to the appropriate officials when needed.

Assist with writing and securing grants for Emergency Management and 911.

Assist with maintaining the current and future awarded grants.

Participates in local Emergency Management / 911 meetings, within the City, County, Region, State as needed or required.

Attends approved professional development opportunities that are approved by Emergency Management and 911.

Receive a passing certificate from FEMA ICS classes required i.e. ICS 100, ICS 200, ICS 700, ICS 800, ICS 300, ICS 400, IS 120, IS 230, IS 235, IS 240b, IS 241b, IS 242b, IS 244b and any other requirements that may not be know of at this time but required by FEMA or State within twelve months from employment.

Be able to work 12 hours plus shifts in time of disaster.

Be able to respond to Emergency Operations Center within 30 minutes from notification.

Attend training that will require overnight stay that may last up to 10 days.

Be available in the time of need, we are first responders and we are required to work days, nights, and holidays if needed by the response type.

Be available to support the 911 center 24 hours a day 365 days a year.
