## EMERGENCY AT THE MUSTANG GAS PLANT

Sunday, January 12, at 10:20 am, the Hennessey Fire Department was dispatched by 911 stating, "The Mustang Gas Plant is on fire". Many times they get this call because a well-meaning by-passer sees the gas flair and calls in a fire. This day, it was real. When the firefighters arrived there were flames visible inside the gas processing plant near the south end of the facility.

continued on page 3

## LATE NIGHT FIRE

Sunday, January 13th, at 11:16 pm, Hennessey Police Officers Luis Rojo and Matthew Bruner reported smoke coming from the Carolina's Taco trailer located at the intersection of N. Main and Nebraska St. This is in the parking lot of the former CNG gas station on the north side of Garrison's Lumber. Hennessey Firefighters arrived and quickly extinguished a fire inside the trailer. No information is available as to the cause or the extent of damage. Photo by AAH Jack Quirk

## IT'S OFFICIAL THE COL GRIMES MEMORIAL HIGHWAY

Family and friends gathered at 132/51 Junction on Saturday, January 11, 2025, to unveil the Colonel Derek Grimes Memorial Highway. This section of Highway 51 runs from Lacey to Highway 132.

Following the unveiling, they reconvened at The Hennessey Mercantile. Stacy Cline spoke about her brother, and Derek's son offered a blessing. State Representative Mike Dobrinski presented Kathleen, Derek's wife, with a State of Oklahoma Citation in honor of Colonel Derek Ivan Grimes. Punch and cookies were served at the reception, where family and friends came together to celebrate. AAH, Shelley Muzny

Since 1946, Thurmond has been a leader in the natural gas measurement industry, manufacturing field-proven products and providing unparalleled, full-service measurement and turnkey solutions from the well head to the sales point. Our 75+ year legacy and expertise in the oil & gas industry provide a solid foundation for our valued employees, partners and customers.

# Where are they now? **Tim Hladik**

by AAH Shelley Muzny

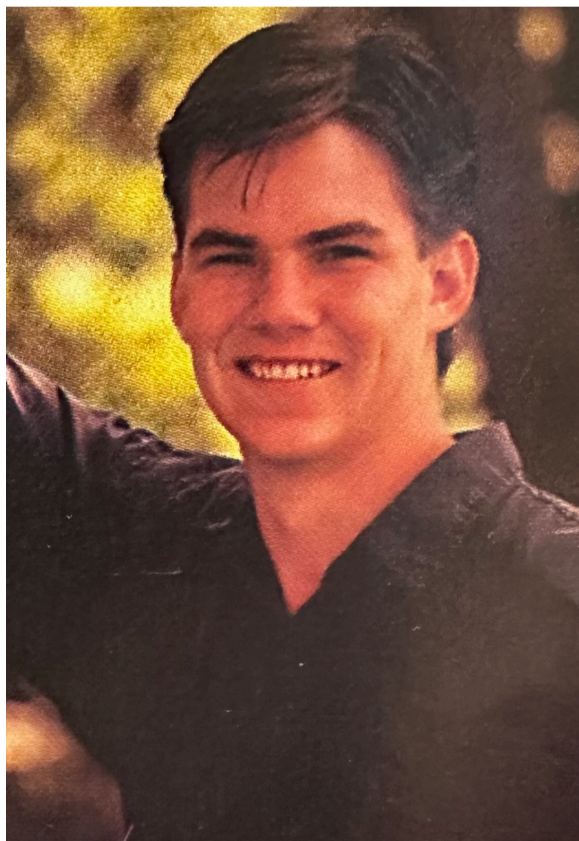

Tim Hladik was born and raised west of Hennessey by Delbert and the late JoAnn Hladik. Delbert and JoAnn raised three children on the farm (Chris, Tim and Jeremy). Tim was among a handful of (Lacey) kids that carpoled together to half day Kindergarten- let's just say memories were made with that crew! Once in high school, Tim played football for the Eagles and was one of Hennessey's Powerlifters. Tim was always up to have a little fun, example being - getting hypnotized at his senior prom.

Tim graduated from Hennessey High School in 1995. After graduating, he worked for Lowe's for eight years. In 1999, Tim seized the opportunity to purchase his first farm. Hladik worked on the farm in the evenings and on weekends with his parents. While working on the farm, he began selling farm equipment for Enid New Holland in 2003 and later for Rother Brothers, selling equipment for 15 years, while still working and growing the family farm.

On March 15, 2007 Tim married his wife Tonia. They have been married for almost 18 years and have three children Gracie, Madelyn and Tristin. In 2018, Tim and Tonia had the opportunity to start TNT Seed. TNT Seed sources rye from local farmers, cleans, packages, and ships it to 18 states. Additionally, TNT Seed exports rye to South Korea and Japan.

Tim enjoys spending time on the family farm and with his loved ones. His parents have set a strong example, teaching their children the importance of prioritizing faith, family, and work. With such a solid foundation, it's no surprise that Tim instills these values in his own children. He has a strong work ethic, loves his family, and is known for being kind—always smiling, humble, and willing to help others. If you have the chance, visit TNT Seed, where Tim has accomplished great things, and be sure to say hello.

## KEEPING HENNESSEY SAFE!

by AAH Angela Bruner

On December 13, 2024 Officer Logan Blackburn of The Hennessey Police Department observed a Black SUV driving erratically and nearly causing multiple accidents. After a pursuit, he successfully apprehended the driver, who exhibited signs of intoxication. Deputy Charles Blackburn from The Kingfisher County Sheriff's Office assisted in conducting sobriety tests and arresting the driver for driving under the influence, eluding a police officer, and transporting an open container of alcohol. The vehicle was impounded, and the evidence, including an open bottle of vodka found in the car, was confiscated and secured. The driver was ultimately taken to The Kingfisher County Jail with a recorded blood alcohol level of 0.25. Great job Officer Blackburn! photo by Angela Bruner

### JOURNEY OF REMEMBRANCE

The Battle of the Bulge started on Dec 16, 1944, when German forces launched a surprise attack on Allied forces in the forested Ardennes region in Belgium, Luxembourg, and France. The battle lasted until Jan 16, 1945, after the Allied counter-offensive forced German troops to withdraw. Soldiers fought in brutal winter conditions, and the U. S. Army lost approximately 19,000 men and suffered 75,000 total casualties in what became the United States' deadliest single World War II battle.

Transitions  
by Bonnie Flesher

Fast forward 80 years in Okarche, Oklahoma, Jeff Palmer was working on his family history when he came across a website dedicated to the 300th Engineer Combat Battalion, which his dad served in. Through

some correspondence, Jeff was invited to the 80th anniversary Battle of Bulge. Jeff's seven-day journey started at 10:30, boarding a plane on Dec 9. Jeff's father, Charles Palmer, passed away suddenly when Jeff was 12 years old. Jeff told me he didn't take anyone with him on this journey, but I have to think he carried his 12-year-old self with him when boarding that plane. Jeff boarded a train on Dec 10 in the last leg to Liege, Belgium. Jeff said his tour guide spoke English

while touring museums, cemeteries, and battle sights—Jeff's first language is English, then German. The language barriers broke away when all came together in remembrance. Jeff laughed, talking about how intrigued his new friends were by the names of our small towns in Oklahoma.

Jeff's emotions came to the surface. He returned home with a plaque to honor his dad, who participated in the commemoration of Manhay, the site of the harsh combat in December 1944. Charles Palmer served with the Army Bulldozer Operation Combat Engineer's Pavilion. We have lost most of our World War II veterans. Jeff, being a veteran himself, understands how important it is to share history with children. He took this journey to honor his dad and give his 12-year-old self a gift of remembrance!

### Mustang Gas Plant cont..

This gas processing facility is located 2 miles south of the Town of Hennessey on S Hwy 81, formally known as the Exxon Plant. It was purchased by Mustang Gas Products in 2002 and underwent a remodel several years ago.

When the firefighters arrived, the Mustang Gas crews had already safely evacuated and were in their muster positions at the intersection of HWY 81 and Exxon Rd (E650 Rd) and Exxon Rd and N2860 Rd.

Hennessey fire command called for an evacuation of the surrounding area, especially the Quick RV Park, which is located directly south of the facility. The Oklahoma Highway Patrol closed all lanes of US-81 from E0640 RD to E0660 RD just south of Hennessey, traffic was re-routed on county roads. Kingfisher County District 2 assisted by using road graders to block traffic on three county roads.

The Hennessey firefighter's wives opened the fire station for anyone needing shelter during the evacuation. Brandon McKay, with Oklahoma Drone Recovery Co, flew his drone over the plant to give the emergency crews a better look at what the issues were. By noon, the fire had been brought under control and Mustang employees, along with Hennessey Fire approached the affected area of the plant to survey the damage. Shortly after Hennessey Fire command called for the reopening of roads and to allow residents to return to their homes.

Agencies assisting with this incident included Kingfisher County Emergency Management, Kingfisher County Sheriff's Office, Kingfisher County 911 Dispatch, Kingfisher County District 2, Hitchcock Fire Department, Enid Fire Department, Dover Fire, Loyal Fire Dept. Oklahoma Drone Recovery Co, and OHP. Photos By AAH Jack Quirk

# NICHOLSON MONUMENT RIBBON CUTTING

Wednesday, January 8th Nicholson Monument's official ribbon cutting was held at the 409 Center. Mayor, Harold Shaw was on hand to congratulate them on the new business in town. Nicholson Monument invites you to stop by the 409 Center to view samples of headstones and the various color options available. Hours of operation are Monday through Friday, from 9 AM to 5 PM, and weekend or after-hours appointments can be arranged upon request. For more information, feel free to contact Kelly at 405-368-3443.

# ONE VEHICLE WRECK SOUTH OF DOVER

The snow that arrived early last Friday morning caused numerous auto accidents. This white van ended up on its roof on Hwy 81 south of Dover. The driver was not injured. Kingfisher Fire and EMS along with The Kingfisher County Sheriff's office worked the scene. Photo by AAK Maitland Pickle.

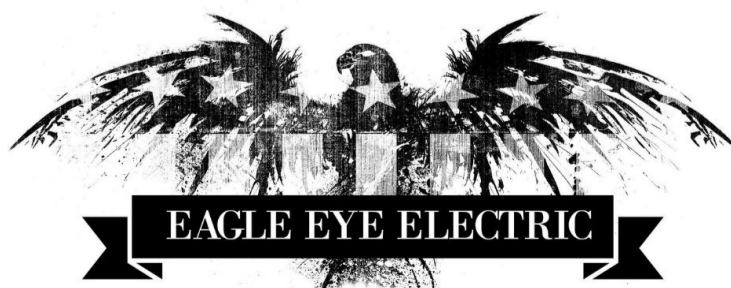

# SCHOOL PURCHASES PROPERTY

It took many years to complete but the Hennessey Board of Education took the final steps to purchase the last piece of property to complete the parking area west of the auditorium. The home located at 519 E. Kansas (the NW corner of E. Kansas and N. Walnut) has been vacant and stuck in probate for many years. Nathen Greenfield, executor of the estate, was present at Monday night's board meeting and came to a deal during the executive session. The purchase price was \$55,000, and the estate must remove any asbestosis and all of the sheetrock in the home. The plan is to remove the structure and complete the existing parking area.

## WHAT'S SWEETER THAN DONUTS?

The heartwarming gesture from Hennessey Elementary School teachers on Law Enforcement Appreciation Day January 9, 2025! Chief Christian Solis and Officers Matthew Bruner, and Luis Rojo were shown gratitude through a delicious breakfast and some really adorable letters from the students. All officers in attendance were former Hennessey students, so some of their teachers were there to share funny memories of their early days... Officers Logan Blackburn and Claire Craig were unable to attend due to being deep in their studies at school. Shout out to the amazing teachers for organizing such a special event to make our officers feel valued and appreciated. Let's sprinkle some love and appreciation for our law enforcement heroes!

# KINGFISHERS LOSS IS HENNESSEYS GAIN

by AAK Maitland Pickle

Look out, Hennessey, you are getting a good one!

Brenda Jimenez (Him-enez) is an Oklahoma native born and raised in Kingfisher. She graduated from Kingfisher High School in the spring of 2019 and went onto the University of Central Oklahoma thereafter. While at UCO, Brenda obtained her Bachelor of Science in Psychology the fall of 2022 and her Master of Science in Psychology the fall of 2024. After receiving her first degree, she knew she wanted to further her studies and specialize in a specific field. After working closely with the Kingfisher High School counselors she knew what that specific field would be. When interviewing Brenda she stated that, "Mrs. Leffingwell and Mrs. Baustert are genuinely kind and hard working people. It was admirable watching them interact with students and create a difference in many of their lives." Throughout her time working at KHS the counseling pair offered support and advice as she navigated this newfound journey, and gave her the inspiration to begin her masters in school counseling. Starting January 7th, Brenda will be living out her dream as an Elementary School Counselor at Hennessey Public Schools.

As a teenager Brenda always wondered what she would be when she grew up and where life would take her. When she considered her many options, she realized that most of the careers she was looking into revolved around helping others and now that's what she plans to do, to the fullest extent. Brenda's work is so important to her because she has seen first hand the kind of difference a school counselor can make on students. She wants every child to feel accepted, recognized, and encouraged in their education. Having an adult figure that roots for students at school is vital and makes a world of a difference.

Brenda has always been very proud of her Mexican American heritage. "Being bilingual is a blessing that has the ability to reach many people. Working in a town where I will be able to implement my bilingual abilities means so much to me, as I hope I will be able to help those around me". Brenda cannot wait to interact and contribute to the Hennessey community, and contribute she will. "Everyone is so proud of Brenda, but she will be so missed! She's a light to everyone around her and KHS was blessed by her presence. I know the students at her new school are going to need someone like her", said Melody Wilfong, one of Brenda's former coworkers from Kingfisher.

Brenda would like to thank her family and friends for the impact that they have had on her life and especially during this journey. So many of you have played an important role in helping her achieve her current accomplishments, and she couldn't have done it without each and every one of you! From your Kingfisher Family, we will miss you, but we wish you the best of luck on your new adventure. Go Eagles! photo by Paula Leffingwell

## Top 5 Ways to Conserve HVAC Energy

1. Inspect & upgrade your insulation & ductwork of your home
2. Seal drafty doors, windows, & vents; also close all vents in unused rooms
3. Turn ceiling fans clockwise
4. Bi-annual maintenance on AC & Furnace, including filter changes
5. Upgrade thermostat & HVAC systems to energy efficient equipment!

## Determined to Obey

Tis the season for RESOLUTIONS. A new year lends itself to opportunities for goal setting, self-improvement, and getting things done. In the month of January, motivation is at an all-time high. You're going to lose 20 pounds, pay off that loan, and finish that house project you said you were going to do this same time last year. New year, new YOU - at least so they say.

New Years resolutions can get somewhat of a bad rap. As you get older, you know how often you fail to follow through on those resolutions. Still, being "resolved," or determined about something is not a bad thing - it can often be a good thing, when directed in the right ways.

In the book of Daniel, chapter 1, we see a positive example of determination. Daniel and his friends are teenagers going through one of the most tragic periods of Israelite history: the Exile. Israel has repeatedly disobeyed God and ignored His prophets, to the point that God must judge His people. God does this by allowing a foreign nation, Babylon, to conquer Judah and disperse God's people across the empire of Babylon. Daniel and his friends are among the first to be taken from Jerusalem and forced to live in Babylon, a pagan nation filled with idolatry. They are taken to the palace of the king and trained in Babylonian religion and culture, in order to serve the king. The question hangs over the first chapter of the book: Will Daniel and his friends remain faithful to God, or will they compromise their faith to fit in with their surroundings?

Daniel 1:8 gives us the answer: "Daniel determined that he would not defile himself with the king's food or with the wine he drank. So he asked permission from the chief eunuch not to defile himself." For whatever reason, Daniel identified the King's food as a matter of obedience and disobedience. Eat and disobey God. Refuse to eat and disobey the king. Daniel was "DETERMINED," "RESOLVED," not to eat the king's food. In other words, He determined to OBEY the Lord.

For followers of Christ, Daniel serves as an example for us. Obedience requires faith-filled determination. You do not passively turn into a more obedient person. It is a posture of heart that values Christ over culture, God's ways over the world's ways, and makes settled choices to obey God over people.

What does spiritual health look like for you this new year? Perhaps you need a "Daniel moment," a moment where you determine in your heart to OBEY the Lord and seek His will and His ways in the year to come, starting TODAY.

## 50 YEARS OF LOVE, FAITH, AND PARTNERSHIP: NICK AND MARIBETH BOETTLE CELEBRATE GOLDEN ANNIVERSARY WITH RENEWED VOWS

by AAH Shelley Muzny

Nick and Maribeth Boettler celebrated their 50th wedding anniversary on December 21. The couple first met on a blind date, and it seems that fate had a plan for them. They were married on December 21, 1974, in Houston, Texas, at the First Church of the Nazarene.

Throughout their marriage, Nick and Maribeth have experienced both the highs and lows that come with a long-term partnership. They have one daughter, Amara Detrick, along with a loving extended family. Nick and Maribeth set an inspiring example for all of us by keeping God at the center of their lives and marriage. They are not just husband and wife; they are also friends and work partners.

Their support for each other's careers and the respect they have for one another speak volumes about their relationship. For 50 years, they have worked together on the farm and cared for cattle, a testament to their strong bond.

To celebrate their milestone, Nick and Maribeth visited Amara's house to renew their vows

in a surprise ceremony. Amara, being ordained, officiated the event. As a special gift, Nick surprised Maribeth with a beautiful love knot ring. Happy 50th Anniversary to a truly remarkable couple!

# PRECISION MONUMENTS

STONE BY STONE, WE REMEMBER

## COMING SOON TO HENNESSEY

Precision Monuments owned by Hennessey locals Austin and Hannah Whittenburg will soon be opening its doors. It will be located just south of Hennessey on Highway 81. There has been a lot of hard work going into this new chapter for not only our community but the surrounding ones as well. They will make all headstones in-house and have purchased all that is needed to give your loved ones a long-lasting beautiful headstone. With just a little remodeling and some training left to do each day gets closer and closer. Precision Monuments is a family-owned and run business. The Whittenburg family knows how important this step in the grieving process is and will do everything they can to make you feel welcome and not alone in this time of grief. Our team is looking forward to sitting down with you and creating a beautiful piece that your loved ones will be proud of.

## HELPING KIDS SHINE

by AAH Amy Smith

Having a heart of gold isn't a phrase used lightly, and once you meet Morgan Gonzales, you'll immediately feel her passion and drive to help others. Morgan, a small-town girl from Vici, Oklahoma, grew up on a farm surrounded by cattle, pigs and horses. She currently lives in Carrier with her husband, Paul, and their two daughters, Fallon (5) and Magdalena (3), along with their own flock of chickens and pigs. Morgan expresses her love for country living by saying, "We have free-range chickens and kids! We enjoy letting them experience country life, running barefoot and feeling free outdoors."

Morgan's career path was a clear choice for her: "I talk a lot! I figured speech therapy would be the best fit for me." She studied at the University of Central Oklahoma (UCO), earning her master's degree in speech-language pathology and a bachelor's degree, with a minor in Spanish. She saw a significant need for pediatric therapy in Northwestern Oklahoma and took the initiative to establish a service that supports children with developmental delays and special needs by launching Gonzales Therapy Services in 2022. Opening Gonzales Therapy Services in Enid, she started out small with a one-room space and operating alone. Since then, she has expanded her clinic into a larger facility, added a fully licensed staff, and is opening an additional location in Kingfisher. Morgan has faced her own mental health challenges related to her ADHD and Autism diagnoses, which has deepened her understanding and desire to assist her patients and their families. The mission of Gonzales Therapy Services is to empower children and their families through comprehensive, compassionate care that integrates speech, occupational, and physical therapy. They believe that truly supporting a child's growth also involves supporting their family. By creating a nurturing environment, providing individualized therapies, and offering family-centered support, they strive to help every child reach their fullest potential and thrive in all aspects of life. Their goal is not to cure a child's diagnosis but to help enhance their strengths. Gonzales Therapy Services connects families with valuable resources, equipping them with the best tools to navigate delicate situations. They work with children diagnosed with autism, ADHD, ODD, developmental delays, and other medical disorders, catering to ages from birth to 21. Gonzales Therapy Services consists of a team that includes certified Speech-Language Pathologists (SLPs), Certified Occupational Therapy Assistants (COTAs), Physical Therapists (PTs), Physical Therapist Assistants (PTAs), and Occupational Therapists (OTs). At Gonzales Therapy Services, each patient is viewed as an individual, recognizing that every story is unique. If your child needs therapy or you have concerns about their developmental growth, Gonzales Therapy can help you initiate the process. To get started, give the office a call at 580-356-9976. For more information, check out their website: <https://www.gonzalestherapyservices.com>
