-HENNESSEY'S HOMETOWN NEWSPAPER-

BOARD SEAT CHANGE

The Hennessey School Board held a meeting on Monday, April 14th, during which new officer positions were elected. Dr. James Matousek was elected as President, Dakota Semrad as Vice President, and Amy Charmasson as Clerk. Lance Painter, the newest member of the board, was sworn in during the meeting 1.

During the voting for officer positions, there was a brief mix-up. Dr. Matousek initially nominated Luke Lough for Vice President but quickly realized his mistake and intended to nominate Dakota Semrad instead. All members voted no on the initial nomination. Matousek then correctly nominated Semrad for the Vice President position, and the board unanimously approved the nomination photos by AAH Jack Quirk

Improving Safety and Accessibility in Front of The Hive

Mrs. Sheila Duell, the owner of The Hive, located at 114 E Oklahoma has raised several concerns regarding the safety and accessibility in front of her business. These concerns include the lack of visibility, organized parking, traffic issues in the alley, the need for accessible (handicapped) parking and side-walk improvements, and pedestrian safety due to the proximity of her rear door to alley traffic.

In response to these concerns, trustees and staff members, including Tiffany Rowen, Town Administrator and Alyssa Kubat, Director of Public Works, met with Mrs. Duell to discuss potential solutions. Several follow-up actions were proposed, including obtaining quotes for sidewalk replacement and painting and striping parking spaces.

Three quotes were obtained for the sidewalk replacement, with Daniel Construction's bid of \$19,800 being selected. The plan includes the removal and replacement of approximately 1,680 square feet of sidewalk with ADA-compliant ramps at the east and west ends of the block. A center ramp was ruled out due to slope and grade constraints that would violate ADA standards.

CHIEF SOLIS: 100 DAYS IN AND ALREADY MAKING MOVES

It's only been 100 days since Christian Solis took the reins as Hennessey's Police Chief back in December 2024 but you wouldn't know it by the impact he's already made.

Even before the badge said "Chief," Solis was no stranger to service. Since 2024, he's been Hennessey's D.A.R.E. officer and the full-time School Resource Officer (SRO), putting him right where it matters most on campus, connecting with students, and building relationships.

The D.A.R.E. program has come a long way from cartoon lions and "Just Say No." Today, it's called Keepin' it REAL a curriculum focused on real-world decision-making, peer pressure, and life skills. Solis doesn't just show up to teach he shows up to listen, relate, and lead by example. The kids respect him because he keeps it honest and meets them where they are.

A Hennessey High grad himself, Solis started as a reserve officer in 2016, went full-time in 2016 and has been climbing ever since. Now, he's not only the town's Chief, he's a certified K9 handler, a basic CLEET instructor (authorized to teach everything except firearms, defensive tactics, and driving). He also manages the department's annual firearms requalification as the line safety officer, and by the end of this month, he'll be officially certified as a Chief through the Oklahoma Association of Chiefs of Police.

That's not all. Chief Solis is also certified through ALERRT as a CRASE (Civilian Response to Active Shooter Events) instructor, equipping the public with knowledge that could one day save lives. He's also CIT-certified (Crisis Intervention Team), trained to handle mental health-related calls with care, calm, and

the right tools to de-escalate difficult situations.

And just when you think he might take a breather, he doesn't.

Coming up this summer, Chief Solis is launching a brand-new community event for kids, teaming up with the police department, reserves, and the sheriff's office. It's going to be a day full of fun, games, and a chance for kids to interact with law enforcement in a positive, laid-back setting. More details are on the way, but the goal is clear: connect, uplift, and build trust.

In just 100 days, Chief Solis has shown that leadership isn't about titles it's about showing up, stepping in, and staying involved. Whether he's in a classroom, on patrol, training future officers, or hosting community events, he's setting a tone for what policing should look like in a small town. Hennessey's lucky to have him and this is just the beginning.

REDLEVE DANCE SHINES AT GROOVE DANCE COMPETITION

RedLevé Dance Studio returned to the stage with passion and power at the Groove Dance Competition in Putnam City, marking their final group performance before Nationals in June. After a break from the competition scene, the dancers delivered standout routines and brought home many awards.

Small Group Hip Hop (A) wowed the judges, earning a Diamond Adjudication, a Judges Award, and sweeping 1st in Category and 1st Overall. Small Group Contemporary (A) followed with a moving routine, earning Diamond, 1st in Category, and 2nd Overall.

Small Group Hip Hop (B) scored an Elite Sapphire Adjudication and placed 3rd in Category. In large group divisions, the combined teams (A+B) delivered strong performances: Jazz earned Diamond, 1st in Category, and 3rd Overall, while Contemporary took Diamond, 2nd in Category, and 2nd Overall.

A soloist, Kate Curran, from the studio also earned Elite Sapphire and 2nd in her category with a contemporary piece. This was her first dance competition.

Improving Safety and Accessibility in Front of The Hive continued...

The town has been waiting on backordered paint for several months, with white and yellow paint expected to arrive on Thursday. Blue paint for handicapped spaces is still delayed, but once materials arrive, the town will begin re-stripping parking spaces as previously approved.

One or two parallel handicap spaces are planned directly in front of The Hive, with angle parking resuming eastward, stopping before the fire hydrant. These changes aim to improve safety and accommodate handicapped access while maintaining as much parking as possible.

Discussions were also held about the possibility of converting the alley to one-way for safety reasons. However, no formal vote was taken on that change—the board decided to try the new parking striping first before considering traffic flow changes.

A motion was made and passed to move forward with Daniel Construction's \$19,800 bid for the sidewalk reconstruction.

FROM THE PULPIT

by *Shane Bennett*
First Baptist Church

Forget about the bunnies, the baskets, and the eggs. Easter is the unicorn holiday. I'm serious. Easter is a holiday that stands alone in what it celebrates and why. If someone wanted to celebrate the leaders of various world religions they could go and visit their graves and memorials. If you wanted to see where Muhammed, the leader of Islam, was buried you could go to Saudi Arabia and see the sacred chamber where he, and two of his most faithful followers are buried. It is considered the most venerated tomb in the world.

Or, if you're into Hinduism you could go to India and stand on the banks of the Yamuna river, where they scattered the ashes of Mahatma Gandhi. You could also go to the Buddhist Red Palace in Tibet to see where the past Dalai Lamas are buried. But what about Christianity? You can't go to the burial place of Jesus because he didn't have a tomb of his own. He just borrowed one from a friend. And even if we knew which one that was, we would know that his bones aren't there.

What makes Easter the unicorn holiday is that it celebrates something utterly unique among the religions of the world. Easter is a celebration of the resurrection of Jesus from the dead. He is the only person who has ever predicted his own death and resurrection and then delivered on that promise. Romans 6:9 says that "we know that Christ, having been raised from the dead, will not die again. Death no longer rules over Him."

The resurrection of Jesus is the example for all Christians that those who put their trust in Jesus will raise from death as well. Not only that, but this resurrection power changes the way we live as well. Two verses later, in Romans 6:11, it says, "So, you too consider yourselves dead to sin but alive to God in Christ Jesus."

Easter is a celebration of how Jesus conquered death and defeated the power of sin in our lives. He has paid the price for sin and rescued us from sin's powerful grip for all who believe in Him. And He said that as He went away into heaven, He was going to prepare a place for those who trust in Him that we may be where He is as well.

This hope and this power is absolutely unique in the world. A unicorn. And this is what we celebrate in Easter. I hope that you will find a place of worship where there are others who rejoice in that truth and celebrate with them this Easter.

Town Improvements, Infrastructure, and Public Safety in April Meeting

April 2025

The Hennessey Board of Trustees held its regular monthly meeting April 8th, with trustees Dave Jones, Harold Shaw, Bert Gritz and Randy Bohnstedt present.

Planning for the upcoming Hennessey car show is progressing on schedule, with final details expected to be set at the next committee meeting. Cart races were also confirmed to be ready.

Tiffany, the town administrator, announced that a private bronc riding event is scheduled for April, and a separate public event may be held June 6 at the rodeo arena, pending confirmation.

Trustees Approve Financials and Departmental Reports

The board unanimously approved the consent agenda, which included minutes from the previous meeting and financial claims across several funds. Key expenditures included \$51,074.96 from the general fund, \$58,327.10 from the RST fund, and \$4,400.07 in purchase orders. Treasury and departmental reports were also accepted without opposition.

Resident Proposes Safety Lights for Fire Station

A resident Tom Streck, raised safety concerns about fire trucks pulling into traffic from the station. He suggested installing flashing lights to warn approaching drivers. Tiffany said she had contacted the Oklahoma Department of Transportation and is awaiting a response. The proposed system would activate when station doors open or emergency vehicles are dispatched.

Open Records Requests Reviewed

The board acknowledged three public records requests. David Jones requested maintenance and fuel records for police vehicles. Tim Hardin requested cemetery maintenance expenses, though town officials were unable to reach him due to a fake email address. A third request for job descriptions of police and fire chief was submitted.

Town Considers Deeding 13.5 Acres to County

Trustees discussed transferring approximately 13.5 acres of underused town-owned land to Kingfisher County. The county plans to use the area for storage of road materials and emergency supplies. The town will retain access to the rodeo grounds, a future bulk water station site and a wastewater area. Discussion also included an abandoned oil well on the property, which the Oklahoma Corporation Commission is requiring the operator to plug within 60 days.

Soccer Field Relocation Spurs Debate

Plans to relocate the existing soccer field to a more central location near the town pavilion raised concerns about losing youth space on the west side of town. While some trustees defended the move for better lighting and accessibility, others argued it could limit recreational options for west-side residents. Town officials said the new field will meet or exceed the current field's size.

Rodeo Grounds to Receive Upgrades

Plans to improve the rodeo grounds include removing RV pads that have not been used for more than six months, leveling the ground for expanded parking, adding underground drainage, and installing uniform fencing. These enhancements will be factored into the upcoming fiscal year budget.

Well Testing Policy Clarified Following DEQ Complaint

Following a citizen complaint, the Oklahoma Department of Environmental Quality confirmed that there is no requirement for regular well testing. Nonetheless, the town will continue its voluntary quarterly testing schedule. Each test costs approximately \$300 per well. Results from March were clear, and DEQ has declined to issue written guidance confirming the verbal approval.

Sidewalk Repairs Approved for The Hive Area

The sidewalk in front of The Hive business was cited for safety concerns after multiple reported falls due to its steep incline and high curb. The board approved a \$19,800 bid from Daniel Construction to replace the sidewalk and install ADA-compliant ramps at both ends. Mid-block ramps were deemed unfeasible due to slope issues. Parking stripes will be painted when supplies arrive.

Town Code Re-approved for Proper Publication

The board re-approved Ordinance No. 389 and Resolution No. 2025-00001 to meet publication and filing deadlines for the 2024 Hennessey Town Code. Though the ordinance had originally passed in January, a second approval was required to satisfy legal and administrative requirements. The ordinance will be published April 16.

Trustees Approve Purchase of Police Tahoe

The board approved the purchase of a 2025 Chevrolet Tahoe for \$67,429.87 using state bid pricing. While a Ford Explorer would have been more cost-effective, the Tahoe was favored by trustees for its size, durability, and long-term value. Trustees are also considering transitioning from an annual to a biennial replacement cycle for patrol vehicles to reduce long-term costs.

Pool Season Opens With Strong Demand

The Hennessey swimming pool will open May 24, just ahead of Memorial Day weekend. The town received 54 party bookings on the first day, only a few of which were from town residents. While some locals expressed frustration over access, officials emphasized that out-of-town visitors contribute valuable revenue. Lifeguard applications remain open.

Personnel Announcements

Officer John Gay II joined the Hennessey Police Department on April 1. Day holds a degree in criminal justice and will attend

CLEET training in July. Longtime town employee David Treanor submitted his resignation and will retire May 30.

Grant Projects and Infrastructure Updates

Tiffany updated the board on several active and upcoming projects:

- The town is preparing to bid out its RIG grant project for a new bulk water station.
- It is awaiting a signed contract from the state for a municipal road improvement grant.
- The REAP grant is supporting upgrades to radio-read water meters.

Jack Quirk stated that he submitted a grant request with T Mobile for concrete and sod for the pavilion as part of the Discover Hennessey Program.

Paint required for parking striping is arriving soon, though blue remains on backorder.

Oklahoma Avenue Parking and Safety Measures

Following citizen complaints, the board reviewed parking and accessibility issues along Oklahoma Avenue near The Hive. Officials plan to stripe angled parking spaces and install ADA ramps at both ends of the block. Board members opted not to convert the alley to one-way traffic at this time but agreed to revisit the issue after changes are implemented.

Utility Authority Approves Financials

The Hennessey Utility Authority convened briefly following the board meeting. Members approved the previous month's minutes and financial claims, including \$49,568.63 from the utilities fund. There were no citizen comments or new business discussed.

Where are they now? Elaine Dawson Johns

by AAH Shelley Muzny

Elaine Dawson Johns was born in Edinburgh, Scotland, and immigrated to the United States as a young child. She was adopted into a military Navy family and settled in San Diego, California. After attending several schools, her parents decided to have her settle into one final school. Elaine graduated from Hennessey High School in 1975 while living with her grandparents, Orville and

Eudora Dawson, in Hennessey, Oklahoma.

During her time at Hennessey High School, Elaine was voted Class Clown and also participated as a pom pom girl. Living with her grandparents in the countryside west of Hennessey, she fondly remembers the shale roads where she often got stuck and the fun bus rides that helped her make great friends. Elaine credits her deep love and passion for history to Mr. Lee Briix, her favorite teacher at Hennessey High. She also attributes her public speaking skills to Ms. Marilyn Hardy and her writing abilities to Ms. Marjorie Anderson.

Elaine took college courses through the University of Oklahoma and Oklahoma Baptist University; however, she humorously refers to her "BS Degree" as being in bootstrapping. "There's no better way to immerse yourself in a project and soak up the education like a sponge," she stated.

Elaine married Eddie Johns shortly after her graduation and was sworn in as an American citizen in Enid, Oklahoma, by Judge Russell Swanson in 1976. She began her career working for Norman Perkins and, after the birth of her first child, moved to Drummond to raise her family. There, she started volunteering in the school system and served as the town treasurer for Drummond. Elaine also dedicated 12 years to serving on the Drummond School Board.

Now married for 49 years, Elaine has three children: Jennifer, Julie, and Andy, as well as four grandchildren: Corbin, Ceara, Alicia, and Diego. Although she comes from a military family, Elaine remains actively involved in military-related activities as the founder and director of events at the Woodring Wall of Honor and Veterans Park in Enid, Oklahoma.

Her motivation for starting the Veterans Park stems from her grandfather, a humble oil field pumper who, unbeknownst to her until later in life, was an infantry soldier who landed at Omaha Beach. He passed away from cancer before she learned the full extent of his service, having marched across Europe, fought in the Battle of the Bulge, and survived crossing the Bridge of Remagen before it collapsed.

Elaine is also an active member of the First Baptist Church in Enid, where she leads the senior adult ministry. Additionally, she has been a member of the Singing Churchwomen of Oklahoma for 33 years. Elaine has achieved numerous prestigious accomplishments and has poured her heart and soul into the Veterans Park at Enid Woodring Regional Airport. If you have a chance, stop by to see the results of her hard work.

REMEMBRANCE

by Bonny Flesher

Anyone who is from Oklahoma will forever remember April 19, 1995. I also think about my beautiful mom. April was her birthday month, and her favorite religious holiday, Easter, will always be in my heart. I remember exactly where I was on April 19, 1995, at 9:02 when the Alfred P. Murrah Federal Building in Oklahoma City had a truck bomb explode, killing 168 people, 19 of whom were children. I can recall exactly where I walked down the sidewalk at Pioneer delivering mail. But being a mom, what is even more prevalent was my children and where they were.

Transitions by Bonny Flesher

My son was in 4th grade in Tonya Cameron's class. The bombing, in its devastation, planted a seed to serve in my 4th-grader's heart. In 2003, after graduation, he left on June 10th on a 20-year journey of service to his country. I'm terrible at remembering dates, but when watching a piece of my heart walk away to start his new chapter, there was a part of me that wanted to stomp and scream, while another part couldn't be more proud!

Something that stays with me to this day is that I wrote to him every day while at boot camp. When I addressed the letters, I used his middle name, which is what we all called him. Unknowingly, he never received any of my letters because his full name wasn't correct as the Navy saw it. Me and the Navy saw a lot of things from a different perspective! That was an epic moment that failed and broke my heart. He honored the pledge he made that day in Mrs. Cameron's 4th-grade class, retiring after 20 years of service and achieving the rank of Navy Chief.

You probably don't want to complain to me about having your adult children living close by. Yes, he traveled the world, and I was able to visit places I never expected to. There were different stations every three years and several deployments, life-changing events—some devastating, some beautiful. My mom heart learned the power of prayer! Some of those deployments I was told about, but what is haunting are the stories still bottled up inside him.

The term Post Traumatic Stress Disorder (PTSD) refers to a disorder in which a person has difficulty recovering after experiencing or witnessing a terrifying event—something we will probably witness if we are on this earth long enough. I never thought my 4th grader would be able to relate to the first responders on April 19, 1995. I have had to learn that I can't make the monsters go away. So when the news talks about those forever changed, I think of my 4th grader and an adult comment he made about serving his country. Another year, as we remember, I have asked the question: where were you on April 19th, 1995, at 9:02?

CIMARRON VALLEY CEMETERY

by Cathy Sturgeon Howard
Lacy, Oklahoma

The Cimarron Valley Cemetery, established by the pioneers in the early days of the Oklahoma Territory, is the largest rural cemetery in the area around Lacy, Oklahoma. Unlike many cemeteries which are mowed just before Memorial Day, Cimarron Valley Cemetery receives mowing and upkeep throughout the year.

This is an excerpt from an article written by Dr. H. Violet Sturgeon in 1952.

"The Cimarron Valley Baptist

Church was organized on May 10, 1891. In November of that year, 4 acres of land were donated to the church for a cemetery by Robert Callison, James Brittain, George W. Sturgeon, and Arthur McElwain.

The first bodies to be interred in the cemetery were two little boys, the young sons of James Croft and Richard H Sturgeon.

Since then, many people, including many war veterans, have been buried there. This means that many hearts are fondly tied to this tiny plot, which is so thickly sewn with departed loved ones.

The Board, which has cared for the cemetery, has been loosely woven.

It's reported that George W Sturgeon, who, with a team of mules and a plow, marked off the first 200 lots as plotted by Mr. Grathe.

In 1917, a committee was formed to fence the cemetery.

In 1937, stockholders of the Cimarron Valley Cemetery met and completed an organization calling itself the Cimarron Valley Cemetery Association. Jim Sturgeon was elected chairman of the board, Alva Bowles was the vice chairman, William Cottom was treasurer, and George Suit was a member. Maintenance has been by voluntary contributions. The board wishes to express appreciation for the wholehearted community cooperation."

Our goal is to maintain the cemetery as a beautiful and peaceful eternal resting place for our loved ones and an enjoyable place for relatives to visit. It is our hope that the younger generation will step in and help assume the responsibility of the cemetery. It is the time of year for our annual stockholders meeting. The meeting will be held Sunday, April 27 at 2:00p.m. at the Lacy Community Center. All interested persons are encouraged to attend.

Paul Nathan Caffey Jr. Obituary

Paul Nathan Caffey Jr., age 82, passed away peacefully on April 7, 2025, in Stillwater, Oklahoma surrounded by loved ones. Paul was born on June 8, 1943, in Seminole, Oklahoma, to Paul Caffey Sr. and Beatrice (Reavis) Caffey. Paul dedicated his life to the oil and gas industry, where he worked with pride and professionalism for many decades. He moved to Hennessey, Oklahoma in the 1970's where he operated Seminole Frac Tank Inc. with his father. Paul was known in the community for professionalism, integrity, reliability, and expertise. After the 1980's oil bust Paul continued in the oil and gas industry as a Health Safety & Environmental professional. Paul earned the respect and admiration of his peers in the industry and left a lasting legacy with family and friends all over the country. Paul was affiliated with many organizations, including the Oklahoma Safety Council, National Safety Council and several oil and gas petroleum organizations. He was member of the Hennessey Masonic Lodge. More than anything, Paul was a family man. He found his greatest joy in taking care of family spending time with those he loved whether that was sharing stories, enjoying a good meal, or simply being together. His laughter, warmth, and easy-going nature made every moment with him special. Paul loved nothing more than being surrounded by his children, grandchildren, and great-grandchildren and creating cherished memories that will live on in their hearts. His favorite memory is when his entire immediate family flew to Hawaii in 2013. It was an amazing trip and a lifelong dream of his.

A beautiful part of Paul's story is his walk of faith. Before the final chapter of his life and during many of his years, Paul accepted Christ as his Savior. He faced his final days with peace in his heart and unafraid to go home. His confidence and calm were a powerful testimony to those around him. This is a quiet, profound reminder of God's grace and presence.

He is survived by his beloved wife, Darlene Caffey of 63 years of marriage. His children, Debbie Parks and husband Terry, Don Caffey and wife Tiffany, Jay Caffey and wife Brooke. Grandchildren, Tiana Spurrier and husband Andrew, Caden Caffey, Cruz Caffey, Macie Caffey, Faith Caffey and Ava Caffey. Great grandchildren, Tulsi Spurrier and Talulah.

Paul's legacy is one of love, strength, and unwavering dedication to those he cared for. He will be deeply missed by all who had the honor of knowing him.

A celebration of Paul's life will be held in the near future, details to come. All who knew and loved him are welcome to attend and share in honoring his memory.

In lieu of flowers, the family asks that donations be made to a charity of their choice. Under the direction of Sanders Funeral Service.

REAL ID Deadline Approaches for Oklahomans: What You Need to Know

by AAH Libby Seiger

Time is running out for Oklahomans to get their REAL ID, with the federal deadline set for May 7—just weeks away.

Beginning May 7, travelers will need a REAL ID-compliant driver's license or identification card to board domestic flights, access military bases, or enter certain federal facilities. A valid passport or other federally approved ID will be required without it.

This requirement stems from the REAL ID Act, passed by Congress in 2005 in response to recommendations from the 9/11 Commission. While other post-9/11 reforms, such as the creation of the Department of Homeland Security, were implemented years ago, full enforcement of the REAL ID standard has faced multiple delays—most recently due to the COVID-19 pandemic.

Despite its slow rollout, only about half of states were certified to issue REAL IDs by 2018. The Department of Homeland Security has signaled that further extensions are unlikely. Officials say this deadline marks the beginning of a phased enforcement, with full compliance expected by May 2027.

Oklahoma residents can still obtain noncompliant driver's licenses and IDs, which are typically less costly and require fewer documents. However, those IDs will not be accepted for federal purposes.

You do not need a REAL ID if you don't plan to fly, enter federal buildings, or visit military or nuclear facilities. A REAL ID is not required for driving, voting, federal benefits, entering most federal facilities, hospital access, or legal proceedings.

Below, you'll find details on how to obtain a REAL ID in Oklahoma, including what documents are needed and where to apply.

To get a REAL ID, you will need:

1 proof of identity

2 proofs of Oklahoma residency

Social security number

Driver Education Completion Certificate (if applicable)

Name change document (if applicable)

Immigration or Legal Presence Documents (if applicable)

How to get a REAL ID in Oklahoma

Use the REAL ID checklist to gather your documents

EAGLE EYE ELECTRIC

405-334-1744

Eagle Eye Electric, LLC is family-owned and veteran-operated. It has over 25 years of electrical experience and expertise in residential and commercial areas.

FIRE SAFETY, FUN, AND FLYING FRIENDS!

Things got fired up in the best way at the Dover Fire Station on Wednesday, April 9th. Dover's Pre-K through 6th grade students spent the day learning the ropes at the Dover Fire Station!

The kids got the full firehouse experience, touring trucks, hands-on hose action (those fake flames didn't stand a chance), talking about what to do in case of a fire and why every family needs a fire plan, and practicing drills. It was big lessons wrapped in big fun.

Lunch was provided by and served thanks to Community State Bank, with Steve Wittrock of Specialty Roofing handling the 200 hot dogs on the grill.

A special shoutout to the Air Evac Life Team for swooping in on the fly and giving these young students an up-close look at the heroes of the sky. Their visit wasn't just cool (hello, helicopter landing!), it was packed with lifesaving lessons and big-time inspiration for little learners. Photos by AAH - Amy Smith

FLATLANDS MARKETPLACE PRESENTS

Flatlands Marketplace PRESENTS

Sips, Sweets & Good Eats
Saturday, April 26, 2025
10:00 a.m. - 6:00 p.m.
The Concept Event Center
17172 E. 640 Rd, Hennessey

The "Sips, Sweets, and Good Eats" event is a new twist on the Flatlands Marketplace. This one will showcase a tasty mix of food and drinks. Offerings will include wines, beers, and lemonades. You can also find BBQ, tasty baked goods, candies, and sweet desserts like cheesecakes and kolaches. There's something for everyone! It's a fantastic opportunity to enjoy good food, and support local vendors!

Just to name a few of your favorite merchants that will be there....

SMITTY'S BARBECUE, NOTHING BUNK CAKES, ADEMELY'S BAKERY, PINK LEO BAKERY, AND VERNOST and LOTS MORE!

You don't want to miss this one, for sure!
Interested vendors contact Ross Hardin 405-412-0800 or Rachel Davis 405-853-0031
