HENNESSEY TRUSTEES CONSIDER A WIDE RANGE OF TOPICS

Tuesday's evening focused on improving neighborhoods, supporting future housing development, discussing the town's role in the newly created 522 Ambulance District, and celebrating the success of this year's Freedom Fest.

Brian Henry, owner of Henry Code Enforcement of Enid presented a proposal to assist the town with nuisance complaints, overgrown properties, dilapidated structures, and other property maintenance issues. Town Administrator Tiffany Rowen said using a third-party company removes the perception of favoritism that can arise in a small community when local employees enforce code violations.

Henry explained that his firm currently serves numerous Oklahoma communities and focuses on working with property owners first through courtesy notices before pursuing stronger enforcement measures if necessary. Trustees expressed support for the concept but tabled action until Town Attorney Jared Harrison can prepare a formal contract outlining the scope of services and enforcement procedures.

Continued on page 2

Aliens have landed in Hennessey!

Well... what looks like an alien spaceship rising on the west side of town is actually JLEE Co.'s newest grain bin taking shape. We'll keep an eye on it just in case, but we're pretty sure Earth is safe.

The impressive new structure is part of JLEE Co.'s major expansion and renovation project as the company transforms its Hennessey facility into a food-grade mung bean processing operation. In addition to the new grain bin, the project includes a remodeled warehouse and upgraded production facility designed to serve growing domestic markets.

The Wilson family recognized that changes in international trade and increased global competition would eventually affect export sales. Rather than wait, they chose to invest in the future by expanding into domestic food-grade processing, positioning JLEE Co. for continued growth while creating new opportunities here in Hennessey. 14138 E 650 Rd, Hennessey, OK 73742 405-853-7212

Orco Service, LLC, is a local and family-owned oil and gas business owned and operated by Junior and Norma Orozco for the past 16 years.

Hennessey Trustees continued...

Mitchell Road Project Continues

Rowen reported that construction continues on the Mitchell Road reconstruction project. Dirt work in the drainage ditches is underway, with crews expected to begin placing the final layer of pavement within the next couple of weeks.

Aquatic Center Enjoying Strong Summer

Rowen said the Hennessey Aquatic Center continues to have a successful season with visitors still discovering the facility. She said they are considering offering one weekly "locals only" night swim to give Hennessey residents additional opportunities to enjoy the pool.

School Resource Officer Returns

Trustees unanimously approved renewing the School Resource Officer agreement with Hennessey Public Schools.

Police Chief Christian Solis said Officer Luis Rojo will once again serve in the schools after what he described as an outstanding first year in the position. Board members praised the officer's relationship with students and agreed he has become an important part of the school environment.

Vacant Trustee Seats Headed Toward Election

The board also discussed filling the two vacant trustee positions left by Harold Shaw and David Jones.

After consulting with the town attorney, trustees indicated they favor allowing voters to choose both replacements through a special election rather than making appointments.

Board members said holding an election would provide continuity for future board terms while allowing residents to decide who should fill the unexpired seats. Final election dates are expected to be considered at an upcoming meeting. The board also approved removing the former trustees as authorized signers on town and utility bank accounts.

New Housing Planned

Trustees unanimously approved rezoning property at 318 W. Seventh Street from agricultural to R-3 multifamily zoning. The request, submitted by Monty Bullis, will allow construction of five duplexes consisting of five one-bedroom and five two-bedroom apartments.

Board members noted that Hennessey continues to experience a shortage of rental housing and welcomed the additional housing options for residents.

New Business and Community Liaison Position Approved

The board approved creating a new part-time Business and Community Relations Liaison position for current town employee Shelley Burch.

Rowen said the position will focus on strengthening relationships with local businesses, helping existing businesses succeed, coordinating community events, and working alongside organizations such as Discover Hennessey to promote the community.

The role will initially be combined with existing court clerk duties and evaluated over time to determine future staffing needs.

402 E. RIVERVIEW DR.,
POND CREEK, OK 73766

OFFERED AT
\$330,000

just LISTED

SPACIOUS *home*

- 5 bedrooms
- 2.5 bathrooms

Hennessey 522 Ambulance District Board Updated as Town Begins Discussions on Future Partnership

The Hennessey 522 Ambulance District Board has its first membership change following its initial appointments earlier this month, while town officials have begun discussing how the newly formed district will work alongside the Town of Hennessey.

The original five-member board was announced Monday, July 6, during the Kingfisher County Commissioners meeting. District 2 County Commissioner Mike Sparks appointed Dr. David Matousek, Levi Copeland, Shelley Muzny, Ray Shimanek, and Angel Molina to serve on the board.

During the meeting, it was determined that Molina resides outside the Hennessey School District, making him ineligible to serve on the board.

At the July 13 commissioners meeting, Sparks appointed Perla Blanco to fill the vacancy, completing the five-member board.

The new appointments also prompted discussion during the Hennessey Board of Trustees meeting about the relationship

between the town and the independent ambulance district.

Trustee Bert Gritz asked the town attorney to research several legal questions concerning how the town's ambulance operations will transition to the district. The review will include whether town sales tax revenue can be used to support the district, as well as how the ambulance building, equipment, and other assets could be shared or transferred.

Gritz also noted that none of the current ambulance district board members live

within the Hennessey town limits and questioned whether the town has adequate representation.

Sparks responded that the appointments were made to provide representation from across the entire ambulance district rather than focusing solely on residents within the town.

Town officials said they expect additional legal guidance before making budget and operational decisions later this summer.

County Working to Repair Problematic Chip Seal Roads in Hennessey Area

By AAH Jack Quirk

If you've driven several county roads around Hennessey recently and wondered why they seem rougher and dustier than expected, you're not alone. Kingfisher County District 2 Commissioner Mike Sparks says the county is well aware of the issue and is already working on a permanent solution.

Last fall, Kingfisher County contracted to chip and seal several roads in the Hennessey area. As required by state law, the county awarded the project to the lowest qualified bidder. One contractor completed chip seal work on rural roads in other parts of the county.

According to Sparks, those rural roads have performed well. However, several of the roads completed by the second contractor in the Hennessey area have experienced unexpected problems.

"We don't know exactly what went wrong with the chip seal," Sparks said. "Something has gone wrong with the product that was used, and we're working to determine the cause."

Until a permanent repair can be made, county road crews are placing screenings and small gravel on the affected roads to help protect the road base and keep the roads passable.

"I want the people to know that we are aware of the problem and are working quickly to fix it," Sparks said. "We're working overtime to find the right way to repair them."

That "right way," according to Sparks, will be an asphalt overlay on the county's busiest roads rather than simply applying another chip seal.

The roads expected to receive asphalt overlays include Conoco Road, Exxon Road, South Mitchell Road, and others, all of which carry heavier traffic and serve a larger number of homes. "Those roads definitely will be overlaid with asphalt," Sparks said.

The county is currently working out final details with a large asphalt contractor, which is expected to perform the work once a crew becomes available.

Sparks said construction could begin as soon as one to two weeks, depending on scheduling.

While the county continues working through the repair process, Sparks asks residents for patience.

"There is a process we have to go through," he said. "We're doing everything we can to make the roads passable until we can get them repaired the right way."

For now, county crews will continue maintaining the affected roads while preparing for what officials expect will be a long-term asphalt solution.

Hennessey School Board Approves Athletic Ticket Increase, Energy Savings Agreement

The Hennessey Board of Education approved several items during its regular meeting Monday, July 13, including an increase in athletic event ticket prices, an energy savings agreement, and staffing recommendations for the 2026-27 school year.

Board members approved increasing admission to high school athletic events from \$7 for adults and \$4 for students to \$8 for adults and \$5 for students. Josh Faulkner, high school principal told the board the increase is needed to help offset rising costs, particularly higher fees for game officials, while making the athletic department more self-sustaining. The district also hopes the additional revenue will reduce the need for fundraising and help cover equipment and program expenses.

The board also approved an agreement with Ideal Impact to implement energy efficiency improvements throughout the district. The project will be paid for through future utility savings for gas and electric, with company representatives guaranteeing the district will not pay more than the savings generated by the upgrades. Installation is expected to begin this fall.

In personnel matters, the board accepted the resignations of paraprofessional Allison Hatchel and substitute teacher Heather Russell.

Members approved faculty assignments, seven adjunct teacher appointments for Tanner Black, Kim Gritz, Jennifer Richardson, Jeneva Nelson, Dallas Hunt, Steven Brisco, and Amy Shelite and a one-time \$750 stipend for Carol Keeton to coordinate the district's student internship program during the upcoming school year. Action on hiring a long-term substitute for an elementary special education classroom was tabled until the August meeting pending certification updates.

CHANGING LIVES, ONE JOB AT A TIME

Sometimes all it takes is one opportunity to change the course of a life.

Every day, Work Ready Oklahoma is helping people find that opportunity by providing the tools, encouragement, and support they need to build brighter futures, and the best part is, it's completely free.

Whether someone is searching for their first job, looking for a career change, or simply needs a fresh start, Work Ready Oklahoma offers one-on-one career coaching, job training, certifications, resume assistance, interview preparation, and ongoing support to help participants not only find a job, but keep it.

For participant Christine, the experience was life-changing.

"Creating my resume and putting my strengths on paper was empowering. The practice interviews helped me build my confidence. The support provided by the staff and gas cards to help make it possible to get to class was beneficial."

Stories like Christine's are exactly why Work Ready Oklahoma exists.

Humberto is another success story. After completing CDL training through the program, he went from delivering with DoorDash to becoming a full-time driver, creating greater stability for himself and a brighter future for his family.

Behind every success story is a team of caring professionals who believe in the people they serve and are committed to helping individuals across Enid and the surrounding communities reach their goals.

A better future may be closer than you think.

Visit www.workreadyoklahoma.com to learn more, find your nearest Work Ready Oklahoma location, and read more inspiring success stories.

Or stop by 114 S. Independence, Enid or call 580-242-6131.
Find the right job. Get the job. Keep the job.

This is the team behind Work Ready Oklahoma Enid. In the coming weeks, you'll get to know each team member and the role they play in helping others succeed.

Made in Oklahoma was the theme for the July meeting of the Hennessey Farmerettes, and Co Educator, Lindy Peterman was our guest. Hostess DeDee Krueger showed many items that we use everyday that are Made in Oklahoma and the answer to the Roll Call was also "our Favorite Made in Oklahoma Item". President Paula Nicholson presided and lead the Flag Salute. Before the meeting began, we made some "flying dinosaur" craft kits for the Hennessey Public Library Reading Program.

Kathy Patocka gave a report about the June Group Tour of the Center of Family Love in June when 11 members and guests were able to see much of the inner workings of the Institute. They shared pictures and stories of the benefits that residents have. They saw a typical room and some of the activities plus the Ceramics Shop and the Greenhouse. Some of the members were able to purchase some of their wares. We voted to send them a Thank you gift.

Pansy Wheeler gave a report on the float the group had in the Hennessey Fun Fest Fourth of July Parade. Earl Marshall provided the 4-wheeler and trailer that we had decorated with Flags and banners. Jamie Aikenhead also provided another 4-wheeler to go with us. Members assisting were Dot Miller, Aikenhead, Nicholson, Cheryl McClendon, and Wheeler. Also assisting were Gary Nicholson and Rick McClendon.

We were reminded of the 90th birthday party for Lily Rourke this Saturday, the 11th.

There were several decisions concerning Fall Council that were discussed and volunteers were taken for several positions. The scrapbook is finished and will be ready to enter the Co Fair which is coming in August. Mary Curry gave an inspiring devotion of "When Life Gets Hard". Peterman told the group of the Friday Night Fun Fest planned for the County Fair in August and the need for physical help in the Summer Food Distribution for School Children. In October, the County will be having the Reality Money Check for the Seniors in our County. The Hugs and Coats Project will also be worked and socks and underwear is especially needed.

Krueger gave the lesson which included several delicious items that were Made in Oklahoma in our local stores and companies. We learned to look for the MIO sticker on items. We will next meet in August with Miller being the lesson leader and Maxine Helgeson the hostess.

A FAMILIAR FACE RETURNS HOME AT CORDRY-GRITZ FUNERAL HOME

By AAH Jack Quirk

For many Hennessey residents, the face is familiar. They may remember her as "Francie," a Hennessey High School graduate, a teacher, a coach, or someone they have known for years. What many may not realize is that **Frances Streck** has now returned to the profession she first trained for, joining Bert Gritz full time at Cordry-Gritz Funeral Home as a licensed funeral director and embalmer.

Streck's path into funeral service wasn't exactly one she planned.

While attending college and trying to decide what career to pursue, a hairstylist suggested she would make a good funeral director. At first, she laughed off the idea, but after talking with her family and meeting with Gritz, everything changed. She transferred to the University of Central Oklahoma, earned her mortuary science degree, and completed her apprenticeship under Gritz while driving back and forth from school.

Although she became licensed in 2008, family responsibilities led her into education, where she spent several years teaching and coaching. Even then, she maintained her funeral director's license and continued helping the funeral home whenever she could. When the opportunity arose this spring to return full time, the timing was perfect.

"It felt like coming back home," Streck said. "I knew exactly what I was getting into, and it's still incredibly rewarding."

For Gritz, bringing Streck back has been a tremendous blessing.

Pictured left to right; Bert Gritz and Frances Streck

"To hire a licensed funeral director and embalmer who grew up in this community is almost unheard of," Gritz said. "She knows the families, and the families know her. She was the perfect fit."

Her arrival also came at just the right time. Only days after she started, Gritz underwent surgery to repair a partially torn Achilles tendon that had bothered him for years. Having another licensed professional in the funeral home allowed the business to continue serving families without missing a beat.

As funeral service continues to evolve with electronic records, changing family traditions, and an increasing number of cremations, both Gritz and Streck remain committed to the same philosophy that has guided the funeral home for decades: treating every family with kindness, compassion, and respect.

For the community, the message is simple. Frances Streck isn't new to funeral service. She's simply come home.

Hi!

The parts of our brains that strive to overachieve almost had us admitting defeat and deciding not to turn in an article this week. But the parts of our brains that hate the thought of disappointing anyone or creating more work for others simply wouldn't let us. We may not have our typical article or a new

recipe to share this week, but hopefully what we do have will be even better. Maybe it will be a little therapeutic for us and perhaps even bring some comfort to you.

Sometimes we worry that our articles come across too much like an advice column, giving the impression that we have everything figured out. We can assure you that we absolutely do not. What we do have is faith and trust that the Lord can use all things, including us and our willingness to share the wisdom we've gathered and been given, for good. That faith also gives us the freedom to be honest with you.

Right now, our focus is being pulled in too many directions to be especially clever or interesting. Our meals have been made on autopilot, and most of them are recipes we're pretty sure we've already shared. Our days are filled with doing whatever has to be done to keep our families and homes from falling into complete chaos while trying to drink enough water and get the rest we need. Somehow, this month that is still technically considered "summer break" doesn't feel much like a break at all. Instead, it feels like we're cycling through survival, recovery, and then starting all over again.

Eventually, we'll find our footing again and even thrive. But right now, we're in the thick of it. There is simply too much happening to fully put into words. If you find yourself in that same place, we hope it brings you some reassurance to know that you are not alone. We hope you'll be encouraged to keep doing what you can, trust God with the rest, and remember that this season won't last forever.

Speaking of trust, we're hoping that practicing what we preach helps build a little more of it between us. Many of our articles have emphasized the importance of giving yourself grace and recognizing your limitations without viewing them as failures. So this week, we're trying to live out those very words. We're tired, we're stressed, we're still incredibly blessed, and yes, we're still a little cheesy.

Thank you for allowing us to create a space where we don't have to pretend everything is perfect. Thank you for caring, or at least we're choosing to believe you do. And thank you for being patient with us during this season.

Be sure to follow us on Facebook, Instagram, and TikTok @ OKSeasonedSisters, where you can revisit some of our previous articles, recipes, and other content while we catch our breath and prepare for what's next.

Have you ever wondered
what your place
in the world is?

WHO: YOU!!! All are invited!

WHEN: 6PM on July 29th and 30th

**WHERE: 29 July: Church of
Christ, Hennessey
30 July: 1st Christian
Church**

**WHY: God loves you! And wants
you to find your place!**

**WHAT: Meal at 6PM each night
followed by the Gospel!**

OBITUARIES

Margaret Ruth (Marshall) Meek passed away surrounded by her family on July 6, 2026, in the Dallas–Fort Worth area after a very short but valiant battle with Creutzfeldt-Jakob disease. She was 73.

Margaret was born on September 28, 1952, to John and Cynthia (Sherman) Marshall in Enid, Oklahoma. She enjoyed an idyllic childhood in Hennessey, where she was a member of the International Order of the Rainbow for Girls, played saxophone in the high school marching band, and formed many lifelong friendships.

She graduated from Hennessey High School in 1970 and attended Southwestern Oklahoma State University in Weatherford, where she pursued a degree in art. It was there that she met the love of her life, Steve Meek. Steve often gloated at marrying an older woman, but also one who could buy him beer when the legal drinking age for women was 18 and men was 21. Their shared sense of humor and deep devotion to one another became the foundation of a marriage that began on January 19, 1973, and was filled with love until Steve's passing in 2008.

In March 1974, Steve and Margaret welcomed their first daughter, Anne, and made their permanent home in Weatherford. In November 1986, they welcomed their second daughter, Megan. Margaret cherished being a mother. She taught her daughters how to sew, tend to a garden, and, most importantly, how to live with compassion and a servant's heart.

Margaret's greatest gift was caring for others. Over the years, she lovingly cared for countless children in her home before joining the Weatherford Public Schools, where she served as the high school cafeteria manager. In 2010, she retired from her career and moved to Texas to embrace what she considered her most important role yet: becoming a full-time Mamaw.

Service was woven into every part of Margaret's life. She generously shared her time and talents through the Women's Auxiliary for the Army National Guard in Weatherford, First United Methodist Church in Weatherford, the Coppell Lions Club, Touch A Life in Ghana, and First United Methodist Church in Coppell. Over the decades, Margaret received numerous honors and recognitions in appreciation of her steadfast service, generous spirit, and lifelong dedication to others.

Margaret will be remembered for her gentle smile, kind heart, loyal friendship, the ability to fall asleep within 3 minutes in any car or boat, and her love for sucking the juice out of limes (and her trademark post-lime shiver).

She was preceded in death by her beloved husband of 35 years, Steve Meek, and by her parents, John and Cynthia Marshall.

Margaret is survived by her daughters, Anne White and her husband, Brad, of Northlake, Texas, and Megan Satlof and her husband, David, of Irving, Texas; her cherished grandson, Griffin

White of Denton, Texas, who proudly held the title of her favorite grandson; her brother, Earl Marshall of Hennessey, Oklahoma; her sisters, Coralen Cain of Enid, Oklahoma, Pansy Wheeler of Hennessey, Oklahoma, and Joan Tribble of The Colony, Texas; her many beloved nieces and nephews; as well as Steve's family, whom she loved dearly: Juanita Jones of Yukon, Oklahoma; Harold Meek and his wife, Kathy, of San Marcos, California; and Zelta Bennett of El Reno, Oklahoma.

A Celebration of Life will be held on July 11, 2026, at 1:00pm at First United Methodist Church in Coppell, Texas. A graveside service will be held on July 25, 2026, at 10:00am at Greenwood Cemetery in Weatherford, Oklahoma where she will be reunited with Steve. Following the service, a luncheon will be held at First United Methodist Church in Weatherford, OK.

In lieu of flowers, the family requests that memorial donations be made to the CJD Foundation, Touch A Life (touchalifekids.org), or First United Methodist Church in Coppell.

Margaret's life was defined not by grand accomplishments, but by the quiet, faithful ways she loved others. She made people feel seen, welcomed, and cared for. Her legacy lives on in the family she adored, the friends she treasured, and the countless lives made better by her kindness. She will be deeply missed, lovingly remembered, and forever carried in our hearts.

Dana Beatty

The memorial service for Dana Beatty will be announced at a later date. Dana was proud of being a member of the First Baptist Church, and her service will be the first one after the current remodel. A full obit will be published on All About Hennessey and Cordry-Gritz Funeral Home Facebook page.

**Cordry
Gritz**

REDLEVÉ DANCERS SHOWCASE TALENT AT NATIONAL FINALS

by Ivan Cabral

RedLevé Competitive Dance team recently traveled to Orlando, Florida, to compete at Showstopper, The Finals, one of the nation's premier national dance competitions, where the studio earned numerous top placements and Platinum adjudications against talented dancers from across the country.

The competition began with strong performances from the studio's junior duet and small groups in the Juniors Advanced Division. Aleissa and Anastasia received a Platinum Adjudication for their Junior Jazz Duet, earning 1st Place in their category and 9th Overall. The Junior Jazz and Hip Hop Small Groups each earned Platinum Adjudications and 2nd Place in their categories, while the Junior Contemporary Small Group also received a Platinum Adjudication and placed 5th in its category.

On the second day of competition, RedLevé's Junior Hip Hop Large Group continued the studio's success by receiving a Platinum Adjudication, earning 1st Place in its category and finishing 7th Overall. The studio's soloists also delivered an impressive showing. Competing in the 9–12 age divisions, every RedLevé soloist earned either a Platinum or Double Platinum Adjudication, with each dancer finishing among the Top 10 in their respective category.

For a small-town studio, the experience was about more than placements. Competing alongside some of the country's largest and most accomplished dance programs reinforced the progress RedLevé has made while providing motivation for the future.

"Our dancers proved they belong on that stage," Cabral said. Watching them step outside their comfort zone and compete at this level made us incredibly proud.

Pictured the RedLevé competitive dance team. Front row - Nataly Valles, Piper Zielny, Sadye Cabral, Arianna Marquez, Anastasia Bohnstedt, Aleissa Cabral. Back row - Maesyn Hancock, Quinn Ward, Jacee Beaman, Avileny Cabral, and Morgan Lester

HENNESSEY NURSING AND REHAB RESIDENTS ENJOYED AN EARLY FOURTH OF JULY CELEBRATION ON JULY 2 WITH A DAY FULL OF SUMMER FUN.

Residents headed outside to cool off with water guns and water balloons before enjoying fresh watermelon together.

The celebration was made even more special thanks to donations from local businesses. Michelle Vargas of Big Boom Fireworks donated fireworks, and Chris and Janice Fuksa of Eagle Snow provided snow cones for all of the residents and staff.

The afternoon gave everyone a chance to celebrate the holiday, enjoy the nice weather, and spend time together. photos by Shelley Muzny

CONGRATULATIONS RAYMOND GUZMAN

Hennessey High School graduate Raymond Guzman has been selected as a recipient of a 2026 Seaboard Foods Scholarship.

Seaboard Foods recently awarded 65 scholarships to graduating seniors who will be attending technical schools, colleges, and universities this fall. The company presented 40 community scholarships to students living in the communities where Seaboard Foods operates, along with 25 scholarships to children of Seaboard Foods employees.

The scholarship program reflects Seaboard Foods' continued commitment to supporting education and investing in the future of the communities where its employees live and work.

Since launching the program in 2003, Seaboard Foods has awarded nearly \$658,000 in scholarships to approximately 595 graduating seniors, helping students pursue their educational and career goals.

Congratulations to Raymond on this outstanding achievement! The Hennessey community wishes you the very best as you begin this exciting new chapter.

HENNESSEY PAINTED BLUE IN HONOR OF DANA BEATTY

Leading up to July 13, Hennessey residents came together to honor the memory of Dana Beatty by displaying Hennessey Eagle flags throughout the community. The tribute coincided with what would have been her birthday and reflected the lasting impact she had on the town she loved.

Known by many as Hennessey's biggest fan, Beatty was a familiar face at Eagle events, cheering on students and athletes from the sidelines. Her enthusiasm for Hennessey schools and the community was evident in everything she did, and her encouragement touched countless lives.

Residents were encouraged to fly their Eagle flags through July 13 as a way to celebrate her life and the pride she carried for Hennessey. The blue flags served as a visible reminder of her dedication to the Eagles and the many friendships she built over the years.

Birthday Bash FUNDRAISER for DANA BEATTY

Dana Beatty is a 1993 graduate of Hennessey High School. Most would call Dana the Hennessey Eagle's **#1 BIGGEST FAN**

Because if you've been to a Hennessey sporting event in the last 35 years or was an Eagle yourself - you know Dana.

She cheers for them all!

FOOTBALL • VOLLEYBALL • SOFTBALL • BASKETBALL • BASEBALL

A FIGHTER HER ENTIRE LIFE

Dana was born with a cleft lip & pallet and a hole in her heart. Her mom, Brenda, says the doctors told them just two surgeries should fix her right up. After 26 SURGERIES, she's grateful they didn't tell her the truth back then - she doesn't think she could have handled it.

Back then, Dana became quite the little star around Children's Hospital - everyone knew her by name and always smiled & said hello. Dana has had to go get FUSIONS every month since she was three years old.

She was also born with auto immune deficiency, so doctors and hospitals have been a large part of her life.

THE FIGHT CONTINUES

Giving all her burdens to the Good Lord above, Dana has been fighting psoriatic arthritis for many years now. Her arms & legs have endured so much pain, knowing He has her in His hands all the way. She traveled with her brother Karl to the Mayo Clinic to find answers & finally help heal her painful open wounds. The doctors there put her on another fusion: REMICADE....

Like clockwork, she'd go twice a month, sitting for hours to try to get her infusions. Things seemed to be getting better after a year on Remicade. Her wounds were healing, and she felt like she was almost there....

IT'S TIME HENNESSEY GIVES BACK ALL THE LOVE DANA'S GIVEN TO HER COMMUNITY & TO OUR KIDS!

She's been a Community Action Team member from the beginning. She's the first one to an event & usually one of the last to leave.

LET'S COME TOGETHER FOR ONE OF OUR MOST PRECIOUS FRIENDS.

**Saturday
July 18, 2026 5:00 p.m.**

THEN, OUT OF THE BLUE...

Dana's weight started dropping. Her feet started swelling. She couldn't keep food down. After multiple doctor appointments, one test finally showed she had a few masses. Things moved fast after this: 3 BIOPSIES IN ONE DAY, a BONE MARROW BIOPSY and a PET SCAN

Then we learned...

DANA HAS LARGE B CELL LYMPHOMA.

It's an aggressive cancer but like everything else she's fought in this life Dana says she will stay positive. Giving all her burdens to the good Lord above knowing He has her in His hands all the way.

We know Dana's a FIGHTER. But we'd like to ask Hennessey to JUMP ABOARD TEAM DANA!

If you would like to donate via Venmo, our treasurer, Tammy Hopkins is collecting the funds for Dana's donations.

Donations can also be made at Community State Bank with Dana Beatty in the MEMO

PLUMBING TO BRAGG ABOUT

Need a plumber? BRAGG Heat & Air & Plumbing recently expanded their services to include plumbing. You can contact them at **405-368-3730** for all your plumber service needs!

2026-2027 Annual Notification to Parents (FERPA Policy)

Dear Parent,

In the course of your child's education the school district will keep records as deemed necessary to provide programs to meet his/her needs and interests. The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that affords parents and "eligible students" over 18 years of age certain rights with respect to their child's educational records. They are:

The right to inspect and review the child's education records within 45 days from the day the school district receives a request for access.

Parents or eligible students must submit a written request to the school principal or appropriate school official that identifies the record(s) they wish to inspect. The school administrator will make arrangements for access to the education records and will notify the parent or eligible student of the time and place where these records may be inspected.

The right to request correction of the child's education records that the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of the child's privacy rights.

Parents or eligible students may ask the school district to amend a record they believe is inaccurate, misleading, or otherwise in violation of the child's privacy rights. They must submit a written request to the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading or otherwise in violation of the child's privacy rights. If the school district decides not to make changes in the record as requested, the school district must notify the parent or eligible student of the decision and advise them of their right to a formal hearing regarding the request for correction. Additional information about hearing procedures will be provided to the parent or eligible student at the time of this notification.

The right to consent to disclosures of personally identifiable information contained in the child's education records, except to the extent that FERPA authorizes disclosure without consent (34 CFR § 99.31).

School officials with legitimate educational interests are permitted disclosure without consent. A school official is a person employed by the school district as an administrator, supervisor, instructor, or support staff member, including health or medical staff and law enforcement unit personnel; a person serving on the school board; a person or company with whom the school district has contracted to perform a special task, such as an attorney, auditor, medical consultant, or therapist, or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has legitimate educational interest if that official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school district will disclose education records without consent to officials of another school district in which a student seeks or intends to enroll. (NOTE: FERPA requires a school district to state in its annual notification that it intends to forward records on request.) School districts may disclose, without consent, "directory" information; however, school districts must inform parents and eligible students about directory information, allowing them a reasonable amount of time to request that the school not disclose directory information about that child. School districts must notify parents and eligible students annually of their rights under FERPA by means of a special letter, inclusion in a Parent/Teacher Association (PTA) bulletin, student handbook, and/or other means left to the discretion of each school district.

The right to file a complaint with the United States Department of Education concerning alleged failures by the school district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, United State Department of Education, 400 Maryland Avenue, SW Washington, D.C. 20202-5920.

The right to request a copy of the Hennessey FERPA Policy from the office of the Superintendent of Hennessey Schools, phone number 405-853-4321.

Parents have two weeks, after publication, to advise the Superintendent, in writing, any items they designate as not being directory information for the child. The following items are considered by the Hennessey Public School District to be "DIRECTORY INFORMATION." The student's a. Name; b. Name of parents; c. Date of birth; d. Class designation (i.e. first grade, tenth grade, etc.); e. Extracurricular participation; f. Achievement awards or honors; g. Weight and height if a member of the athletic team; h. Photograph; and i. Previous school district.

All rights and protection given parents under FERPA and the Policy transfer to the student when

he/she reaches the age of 18 or enrolls in a post-secondary school. The student then becomes an "Eligible Student."

If you have any questions regarding FERPA you may address them to the principal of your child's

school. Translations of this notice will be arranged, in the native language, for non-English speaking

parents. Hennessey Public Schools is a Medicaid provider.

For further information contact: Jason Sternberger, Superintendent, Or Steven Brisco, Director of Special Services at 405-853-4321.
