HENNESSEY MERCANTILE TO CLOSE AFTER NEARLY SIX YEARS

After nearly six years in business, Hennessey Mercantile owner Stacy Cline has announced the difficult decision to close the business and offer the Mercantile for sale.

Cline created the Mercantile out of her love for Hennessey and a desire to give the community a special place to gather, shop, celebrate and feel at home. What began as a vision for a local gathering place grew over the years to include a coffee shop, boutique, event room and beauty shop.

For Cline, it became much more than a business. "This building and business have been a true labor of love," she said. "I am incredibly proud of what it has become and deeply grateful to every person who has walked through its doors, supported us, celebrated here, shopped in the boutique, or simply stopped in for a cup of coffee and conversation."

As the Mercantile prepares to close, a going-out-of-business sale will be held Saturday, September 19, during Hennessey's town-wide garage sale. Boutique inventory, tables, chairs and displays will be available for purchase.

MISSING 82-YEAR-OLD MAN LOCATED SAFELY IN HENNESSEY

A missing 82-year-old Norman man who was last seen in Del City on Sunday was located safely in Hennessey early Monday morning, September 14.

According to Hennessey Police Chief Christian Solis, **Kenneth Martin** had been reported missing and was the subject of a Silver Alert. Authorities were especially concerned because Martin required medication.

Just after 6 a.m., **Hennessey Police Officer Joshua McNeely** responded to a report of a reckless driver and stopped a vehicle driven by Martin.

Martin told McNeely he was headed to Norman, but he was traveling north toward Enid. When McNeely checked Martin's information, he discovered Martin was the subject of a Silver Alert.

Martin is safe, and arrangements were made for his family to come to Hennessey to pick him up.

A great ending to what could have been a very different story. Quick action and some sharp police work by Officer McNeely helped get Mr. Martin safely reunited with his family.

HENNESSEY TRUSTEES ADDRESS STREETS, PAVILION AND BOARD VACANCIES

The Hennessey Board of Trustees met Tuesday, September 8, with **street improvements, the town pavilion and two vacant trustee seats** among the main topics.

Trustees approved a **\$273,529 pay application to Rudy Construction for ongoing street reconstruction**. Of that amount, **\$205,146 will come from ODOT grant funding**, with \$68,382 coming from the town's restricted street funds.

The board also approved a **\$10,490 electrical project for the town pavilion**. Farmers Electric will install a 200-amp service designed to handle the pavilion's needs during construction and provide power for events, including connections that could be used by food trucks. The system can later be upgraded as the pavilion project develops.

A lengthy discussion centered on the **two trustee seats formerly held by Harold Shaw and David Jones**. The town had planned to place the vacancies on the November ballot, but the County Election Board, acting on guidance from the State Election Board, determined **the special election could not proceed because of statutory timing requirements**.

Town Attorney Jared Harrison explained that **the board may have the option of appointing trustees until the regular municipal election in April**, when five trustee seats are expected to be on the ballot. Trustees asked Harrison to further research the town's options before deciding how to proceed.

Town Administrator Tiffany Rowen also recognized town employees for their work responding to the **recent major water-line break at the intersection of Highways 81 and 51**.

ODOT CONTINUES PLANNING FOR MAJOR HIGHWAY 51 IMPROVEMENTS NEAR HENNESSEY

A major improvement project for Highway 51 west of Hennessey is moving forward through the planning process, but motorists should not expect construction to begin in 2026.

The Oklahoma Department of Transportation is continuing engineering work for a future widening and resurfacing project on SH-51 from SH-132 east to US-81 at Hennessey. The project covers approximately 7.5 miles of highway and is identified by ODOT as project JP 31811(04).

According to information presented to the Oklahoma Transportation Commission in February 2026, the proposed project would add shoulders to the existing two-lane highway, make geometric improvements, modify intersections and reconstruct or rehabilitate portions of the roadway. ODOT currently estimates construction at approximately \$24.78 million.

While the project is active in 2026, the work taking place now is primarily engineering and planning. In February, the Oklahoma Transportation Commission approved an additional \$422,400 for engineering services associated with the project. The additional funding brought the total engineering agreement to approximately \$1.1 million.

The timeline is an important part of the story. ODOT documents state that the right-of-way phase is currently programmed for federal fiscal year 2032. Right-of-way work can include acquiring property or easements needed to make room for highway improvements.

That means Hennessey residents should not expect construction equipment and orange cones along this stretch of Highway 51 in the immediate future. Major highway projects often move through engineering, environmental review, right-of-way acquisition, utility relocation and other steps before construction begins. Project schedules can also change as ODOT updates its statewide transportation plans and funding priorities.

SH-51 is an important route for Hennessey and western Kingfisher County. It connects US-81 at Hennessey with SH-132 and carries local residents as well as agricultural and commercial traffic.

The Highway 51 project has appeared in ODOT planning documents for several years, although its projected schedule has changed over time. Earlier plans placed some phases of the project sooner than the current schedule.

For Hennessey, the important news in 2026 is that the project remains active and ODOT continues investing in the engineering necessary to eventually move it toward construction.

While the improvements are still several years away, the planning underway today could eventually bring significant changes to one of Hennessey's primary routes west of town.

-HENNESSEY'S HOMETOWN NEWSPAPER-

We're ready to pretend it's fall any way we can while we wait for the weather to get with the program. So, we're bringing you some easy pumpkin treats that you can keep in the freezer and enjoy no matter the temperature!

Pumpkin Spice Cake Bites:

Ingredients:

For cake:

Spice cake box mix (do not follow box instructions)
15 oz can pure pumpkin
½ cup water

For coating:

Whole package vanilla almond bark

(You can add a very small amount of Crisco to the almond bark when melting to help make it smoother, if desired)

Directions:

Preheat oven 350°F. In a medium bowl, stir or mix together all ingredients. Maybe even add some extra cinnamon to taste. Pour into a 9x13 cake pan. Bake for 25 min. Let the cake cool in the pan. Now... you could stop here and top it with cream cheese icing and have a very simple, yummy cake ~ or ~ you can keep reading for some different cake ball variation ideas - gotta be honest with ya before jumping into it though; there are several ways to go about doing this process. It would get super wordy to cover all the ones we know and we'd probably still miss some. So, we're just gonna share the one we do most and maybe the most common substitute. Okay? Okay.

Here we go: Transfer your baked, cooled cake to a large bowl to crumble. You can use a mixer or by hand with any utensil really or yeah, even your own CLEAN hands. Even if you don't crumble it with your bare hands you should definitely make sure they're

clean because you're gonna use them either way to roll the cake crumbles into about 1" balls. ***Note: if you want a creamier texture or are the kind of person whose plate of pumpkin pie has more cool whip than pie you'd add about half a cup of softened/melted cream cheese icing and stir it in before forming your cake bites. *Without the icing, the can of pumpkin inside the cake is still enough to hold the cake bite together and the pumpkin flavor is much richer. **You can absolutely use more icing if you want your cake bites even smoother and sweeter. *If you desire the smoother texture and toned down pumpkin flavor without the added sweetness, substitute 4-8 oz of actual cream cheese instead of cream cheese icing.

Once you have all your cake bites formed (which will be easier if you use this little pro tip and spray your hands with Pam cooking spray), place them on a cookie sheet lined with parchment paper then in the freezer for about 20 minutes to firm up before covering them in melted vanilla almond bark or white chocolate candy coating or any flavor coating of your choice really! We did white chocolate this time but plan to try milk chocolate and dark chocolate at some point this fall! Yummm and happy fall, y'all!

FIND THE PERFECT HOUSE YOU CAN CALL HOME!

FOLLOWING IN GRANDPA'S FOOTSTEPS

by Angela Bruner

When Cash Macy took his place in the homecoming parade last Friday, September 11, he was behind the wheel of more than an old tractor. He was driving a piece of his family's history.

Cash drove his grandfather David Simunek's restored Model D tractor, pulling a wagon he restored himself as an Ag class project.

The Model D has been in the family since 1941, when it was purchased by Cash's great-great-grandfather. David himself had restored the tractor after it was passed down to him, putting his own time and work into the Model D.

Cash recently took on a restoration project of his own, bringing new life to an old wagon for his Ag class. During the parade, the two projects came together, with Cash at the wheel of his grandfather's tractor and his own handiwork rolling behind him.

It was a fitting scene for a family whose agricultural roots stretch back generations. What began with the purchase of a tractor 85 years ago is still part of the family today,

only now there is another generation behind the wheel.

Mercantile closes continued...

Friday, September 25, will be the Mercantile's final day of full service, including its final day serving lunch through Sparky's Eatery. Cline is encouraging customers and friends to stop by, enjoy lunch, share memories and say goodbye to the place that has been part of the community for nearly six years.

The coffee and drink portion of Hennessey Mercantile will open once more for the Wine and Chocolate Festival. Following the festival, the Mercantile will be fully closed and offered for sale. Cline said changes in life over the past several years helped lead to the decision.

"After a great deal of thought, I know it is time for me to step into a new season," she said. "This was not an easy decision, but it is the right one for me and my family."

While one chapter is ending, Cline hopes the building's story is far from over. Her hope is to find new owners who see the same potential in the property and will continue using it as a place that serves Hennessey.

"The possibilities here are truly limitless, and I would love nothing more than to see it continue to grow and serve our town for many years to come," Cline said.

Additional information for those interested in purchasing Hennessey Mercantile will be released at a later date.

Cline closed her announcement with a message of gratitude to the community that supported the Mercantile from the beginning.

"Thank you, from the bottom of my heart, for nearly six beautiful years of support, encouragement, friendship and memories."

SPARKY'S ISN'T CLOSING, IT'S MOVING

As Hennessey Mercantile prepares to close its doors, Sparky's Eatery is preparing to open some new ones.

After years of operating inside Hennessey Mercantile, **Sparky's Eatery is moving just down the street to 202 S. Main Street**, the former Main Street Liquor building.

Sparky's will serve its final meals from the Mercantile location on **Friday, September 25**, but owners say this isn't goodbye. Instead, it is the beginning of a much bigger chapter for the Hennessey restaurant.

Over the years, Sparky's has served thousands of lunches from its home inside the Mercantile, building relationships with customers and becoming a familiar lunch stop in the community. The move will allow Sparky's to expand beyond what customers have come to know.

At the new location, customers can expect a **fresh new menu, extended hours, a completely new atmosphere and the introduction of Sparky's Fresh Market.**

The new market will offer **grab-and-go foods, prepared meals and more**, giving customers additional options beyond traditional dine-in service.

The move will also mean considerably longer hours. Sparky's plans to be open **Tuesday through Saturday from 11 a.m. to 7 p.m.**, expanding from lunch service into the evening.

The restaurant is currently planning to open at **202 S. Main Street on or around October 6.**

Sparky's also expressed appreciation to Hennessey Mercantile owner Stacy Cline for providing the restaurant with a place to establish itself and grow.

"We're incredibly thankful to Stacy for giving Sparky's a place to grow, and to every customer who has supported us along the way," the business said in its announcement.

While customers can expect plenty of changes at the new location, the people behind Sparky's say the heart of the business will remain the same.

New location. New menu. New hours. New ways to serve Hennessey. Same Sparky's. Just a whole lot more of it.

For Sparky's, the closing of Hennessey Mercantile doesn't mark the end of its story.

It simply means it's time to turn the page.

ACADEMIC EXCELLENCE FOR HENNESSEY TRACK!

Congratulations to the Hennessey High School Girls Track team on earning the Distinguished Academic Plaque. To receive this honor, teams must maintain a minimum 3.5 cumulative GPA and rank in the top 10% of their classification.

These Lady Eagles are proving that hard work pays off both on the track and in the classroom. Congratulations to the athletes and coaches on this outstanding achievement!

JV EAGLES TAKE DOWN CHISHOLM

The Hennessey High School JV football team picked up a close win over the Chisholm Longhorns on September 8, defeating Chisholm 38-35 at home.

The back-and-forth matchup came down to just three points, with the Eagles holding on for the victory.

The JV Eagles are coached by Mark Cox, Nathan Hill, Matthew Fuksa and Chris Rapp.
Photos by AAH, Shelley Muzny

NO ARRESTS MADE DURING KINDERGARTEN POLICE STATION TAKEOVER

The Hennessey Police Department had some very important visitors last Wednesday!

All three Hennessey kindergarten classes took a field trip to the police station to see what happens behind the scenes. Police Chief Solis and Officer Luis Rojo welcomed the students and gave them a tour of the station, along with an up-close look at the police cars and some of the equipment officers use every day.

There were plenty of questions, lots of curious faces, and, of course, checking out the police cars was a big hit.

It was a fun morning for the kids and a great opportunity for Hennessey's youngest citizens to get to know the officers who help keep their community safe.

No arrests were reported, although a few suspiciously energetic kindergarteners were seen leaving the station. Photo by AAH Jack Quirk

Meet the 2026 HHS Homecoming King & Queen Kelie Choate and Esteban Blanco

HENNESSEY SCHOOL BOARD TALKS BUDGET, AI AND SNOW DAYS

The Hennessey Board of Education met Monday evening, September 14, covering district finances, new policies, changes to the school calendar and personnel.

One of the larger topics was the district's financial picture. During discussion of the consent agenda, Superintendent Jason Sternberger reported a major revenue source came in at about \$146,000, approximately \$25,000 below the same point last year. He said the district will continue watching the revenue closely.

The board also approved the district's Estimate of Needs for the 2026-27 fiscal year. The district is appropriated at approximately \$12.7 million, compared with \$14.1 million last year. Sternberger said the current general fund budget is running around \$9.7 million, potentially leaving approximately \$3 million in carryover, depending on revenue.

Another number being watched is the district's net assessed valuation. It dropped from approximately \$78 million last year to \$75.5 million this year. Two years ago, the valuation was approximately \$87 million.

BOND COULD BE PAID OFF FIVE YEARS EARLY

The board approved Stephen L. Smith as the district's financial consultant for the 2026-27 fiscal year.

During that discussion, Sternberger reported some good news concerning the district's existing Eagle Event Center bond issue. The final sale of bonds is scheduled for July 2027, with the issue expected to be paid off in 2029. When originally proposed, the

bond was scheduled to run through 2034, meaning it is on track to be paid off approximately five years early.

BOARD APPROVES AI POLICY

The board approved updated wellness and textbook selection policies along with a new artificial intelligence policy.

The AI policy establishes guidelines for how students

and teachers can use artificial intelligence in the classroom. Parents will have the option to opt their children out of AI-related learning materials.

Board President Dr. James Matousek asked what happens when a student misuses AI to complete schoolwork. Sternberger explained that misuse would generally fall under existing rules covering cheating. A suggestion was made to eventually add language to the AI policy specifically referring students and parents to the cheating provisions in the student handbook.

SNOW DAYS ARE BACK

Changes were also approved to the 2026-27 school calendar because of new state requirements involving recess.

The district previously had approximately six or seven days of extra instructional time built into its calendar. Because additional recess time now affects the calculation of instructional hours, Sternberger

said the district essentially has only one extra day available this year.

If additional days are missed, the district will begin using designated makeup days. Sternberger said four days have been identified on the calendar and will be used in order as needed. If the district misses more than five days, the board may have to consider adding additional school days or minutes to the school day.

District employees were surveyed about the change, with approximately 66% favoring the makeup-day approach. Sternberger said the district may consider returning to a traditional days-based calendar next school year rather than calculating the school year primarily by instructional hours.

FACILITIES AND PERSONNEL

No major new construction projects are currently planned. Sternberger said the district is concentrating on repairs and maintenance. Work associated with the Ideal Impact project has identified some older HVAC units that will likely need to be replaced rather than continuing to spend money repairing them. The replacements would be paid from the building fund.

The board also approved hiring Stephanie Lovanos and Fatima Gonzalez as paraprofessionals for the remainder of the 2026-27 school year.

Several extra-duty assignments were approved. Evelyn Rodriguez was named ELL site coordinator, Matthew Fuksa was approved as assistant wrestling coach, and Doug Boyd was named assistant junior high boys basketball coach. Fuksa was removed from his assistant junior high/high school boys' basketball assignment.

HOMECOMING PARADE 2026

HOMECOMING VICTORY OVER THE PERRY MAROONS

by the Eagle Voice

Shortly after the Homecoming King and Queen were crowned, the Hennessey Eagles got down to business. The task at hand was to end their 2-game non-district losing streak to begin the season, and the Perry Maroons were all that stood in the way.

After a failed Maroons onside kick to start the game, the Eagles marched 51 yards in 10 plays and capped off their opening drive with a 16-yard touchdown pass from Levi Ferrell to Brady Amburn for the Junior Tight End's first career score.

Including the opening drive TD, the Eagles reached the end zone on each of their first 5 possessions, with no turnovers, and their first punt not coming until early in the 4th quarter, as they cruised to an easy 34-0 victory to conclude non-district play.

Ferrell had a near-perfect night at quarterback, going 9 for 10 for 149 yards passing with 2 touchdowns thrown and no interceptions. He finished just shy of 200 yards total offense, adding 43 yards and 2 TDs rushing.

Junior Running Back Alex Gonzalez lead all rushers with 53 yards and 1 touchdown on the ground, with a beautiful 29-yard reception as well.

Fellow Junior Beau Vinson lead the Eagles

in receiving with 64 yards and a 27-yard TD catch. That touchdown reception, Vinson's 9th career, moves him into 11th place all-time at HHS, passing his Receivers Coach, Aaron Pitts on the Career Touchdown Reception list.

Beau did not limit his night to the offense, but showed out on defense as well, with 5 total tackles, 3 tackles for loss, 1 quarterback sack, and 1 pass intercepted, earning him the MaxPreps Overall Player of the Game.

Jameson Ladwig pulled down the MP Defensive award, leading the team with 14 total tackles (8 solos, 6 assists), with 3 tackles for loss, and 1 QB sack.

Sophomore Inside Receiver/Outside Linebacker Brytan Gardner popped as

well, with 6 solos and 2 assists, 1 TFL, and 1 interception, adding 54 yards of total offense and scoring on a 2-point conversion.

The Eagles Defense, as a whole, limited the Maroons (0-3) to only 43 yards of total offense, with 3 turnovers (2 interceptions, 1 fumble), forcing 3 punts, turning them over on downs once, and the game clock ending 2 drives at the end of each half.

Offensively, the Eagles amassed a balanced 286 yards (137 rushing, 149 receiving), scoring 5 touchdowns with zero turnovers and only 2 punts.

For a complete list of player's stats and awards, and the game box score, refer to MaxPreps.com Hennessey Eagles Football. The victory moves the Eagles to 1-2 overall (non-district) with 2 weeks to prepare for the District 2All-1 opener on the road September 25th at the Class 2All #9 Ranked (3-0) Christian Heritage Crusaders in Del City. Photos by AAH Shelley Muzny

TINY BUT MIGHTY

By Amy Townsend

As we all know, hummingbirds fly south for the winter, and it's about time for them to begin that journey. So, if you've noticed a few more visitors at your feeders lately, there's a reason. Those tiny wings have a long flight ahead, and they need all the nourishment they can get.

I've been back-porch sitting in awe at the number of females that have taken charge around our feeders, with only two red-throated males brave enough to fly in amongst all the ladies, which, I have to say, I'd be a little intimidated if I were them too.

Worried that leaving your feeders out will make them stay? False! Hummingbirds know when it's time to migrate. And don't be too quick to put those feeders away after your regulars disappear. You may just get lucky and have a passer-through hummer stop by for a sip of your sweet sauce to help fuel the rest of its journey.

And then, just like that, one day I'll walk outside and realize they're gone. Safe travels, little hummers. I'll see you in the spring.
Photos by AAH Amy Townsend.

HAPPY BIRTHDAY? The investigation continues...

We already know Poncho, Kingfisher County District 2's resident security skeleton, has a strange sense of humor. But this week, things may have gone a little too far.

Wednesday marked office manager Alisha Haymaker's 50th birthday, and apparently Poncho and his skeleton crew decided balloons and cake just weren't going to cut it.

Instead, the crew commandeered the forklift, somehow acquired a casket and even recruited the Grim Reaper for the occasion.

Apparently, in skeleton years, 50 is old enough to start making arrangements.

Our investigative team has determined that the red-haired skeleton wearing the "VOTE" shirt is supposed to represent Alisha. Based on the photographic evidence, she does not appear to be taking the news of her advancing age particularly well.

Authorities have not determined where the casket came from, why the forklift was involved, or who approved any of this.

Poncho was unavailable for comment.

Happy 50th Birthday, Alisha!

Stay tuned to All About Hennessey. We'll continue monitoring this increasingly disturbing situation.

-HENNESSEY'S HOMETOWN NEWSPAPER-

The Hennessey Farmerettes began their meeting Thursday, Sept. 10, at the home of Margie McConnell by making flower and butterfly kits for the Hennessey Public Library Reading Program. Several members also made flowers of their own.

President Paula Nicholson presided over the meeting, with McConnell leading the Flag Salute. Mary Curry shared "The Power of Prayer" for the devotional.

Plans for decorations and refreshments for the upcoming Fall Council meeting were the main topic of discussion, with Dot Miller and Jamie Aikenhead serving as chairmen. Courtney Keck, an OSU horticulture specialist, will present a program titled "Plant Parenthood."

Members will also collect items for the HUGS & Coats County Project. HUGS stands for Hats, Underwear, Gloves and Socks, with an emphasis on items for junior high and high school students.

Pansy Wheeler reported on the many Champion, Reserve Champion and blue ribbons members received for their entries at the County Fair. Aikenhead displayed the Reserve Grand Champion ribbon earned for the club's informal table setting, which she organized with the help of several members.

The club scrapbook also received a blue ribbon, with individual pages created by members contributing to the overall score. The Farmerettes placed third in total points after entering more than 100 items across the various classes.

McConnell presented the lesson, "Dancing for the Health of It," highlighting the many physical and mental benefits of dancing. In addition to improving strength, balance, flexibility and mobility, dancing can provide social interaction, stress relief and a boost in mood. It requires no gym, equipment or previous experience, making it an easy and enjoyable way to stay active.

Members were reminded to bring items next month to be sent to the Veterans Hospital. Lindy Peterson, County Educator, is beginning a 10-week "Stay Strong, Stay Healthy" exercise program on Sept. 14, with sessions held every Monday and Friday.

Next month, Lily Rourke will lead the program, "New Uses for Mason Jars." Cheryl McClendon will serve as hostess, with the meeting to be held at the Methodist Church.

Curry served cake and ice cream to those attending.

Pictured: The Hennessey Farmerettes' informal table setting earned Reserve Grand Champion at the County Fair. The display was a club entry organized by Jamie Aikenhead with help from several members.

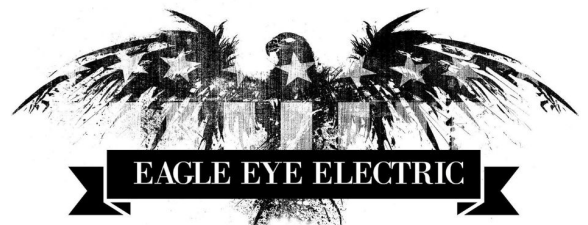

Pictured are members Paula Nicholson, Dot Miller, Pansy Wheeler and Jamie Aikenhead.

NOT WATERING THE GRASS!

If you've spotted giant water leaks around town spraying large amounts of water into the street, don't worry, it is just the Fire Department.

Over the past few weeks, the Hennessey Fire Department has been conducting its annual fire hydrant flow testing. Each year, crews test every hydrant to make sure it operates properly, has adequate water flow, and is ready to go when it's really needed.

Hennessey Firefighter Tyson Copland and helper Casey Barrow were south of town Wednesday, finishing up one of the last hydrants on the list.

So, if you see water running down the street, they're not watering the grass, they're just making sure the water goes where it's supposed to when the red trucks show up!

TAMMY KAY (BOTTS) CHRISTIAN OBITUARY

Funeral services for Tammy Kay (Botts) Christian, 64, of Ratliff City, are scheduled for 10:00 a.m. on Saturday, August 29, 2026, at the Living Word Tabernacle, officiated by Bro. Bobby Wright, with Danny Coates III assisting. Interment will follow at Graham Cemetery, under the care of Alexander Gray Funeral Home of Ratliff City.

Tammy was born on October 13, 1961, in Enid, Oklahoma, to Benjamin Cecil Botts and Jerri Kay (Garlett) Botts. She passed peacefully at home on August 26, 2026, surrounded by her family.

Raised in Hennessey, Oklahoma, Tammy graduated high school in 1979 and married Eugene Christian on July 26, 1980, at Pruitt City at Eugene's parents' house by Bro. Hurshel Baker. They settled in Ratliff City, where Tammy attended SOTC and became a medical assistant in 1985. Later, she and Eugene dedicated themselves to pastoring and fostering 22 children, adopting four. In 2003, they established Living Word Christian Academy, where Tammy served as teacher and administrator for 12 years. Known for her outreach ministry, Tammy cherished being a Nana and devoted herself to her family, known for her forgiving, merciful, and patient nature. She had a passion for crafts and a deep faith and love in the Lord.

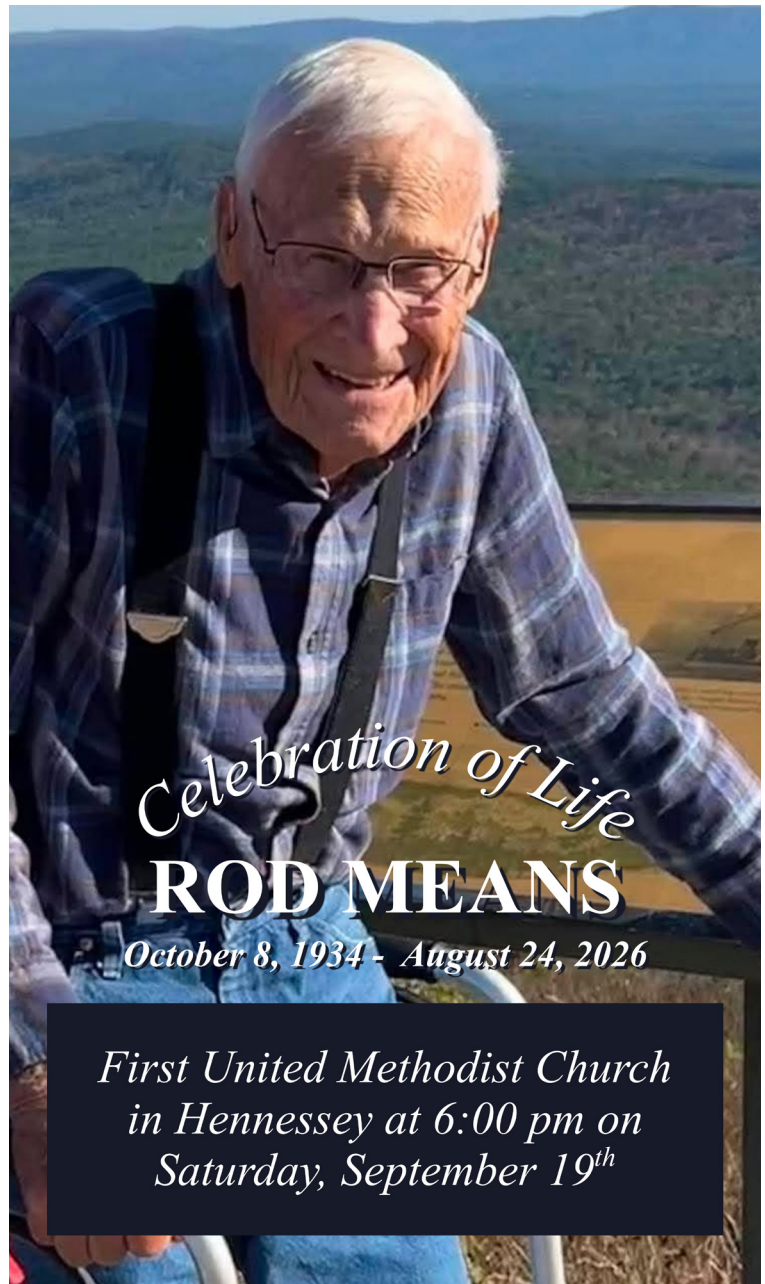

Tammy was preceded in death by her father, Benjamin Botts; Joyce Botts; sister, Cynthia Evans; and grandchildren, Melody and Oakley.

She is survived by her mother, Jerri Garlett; her husband, Eugene Christian; children, Melissa Jones (Andrew), Heather Coates (Danny Coates, Jr.), Sharon Rodriguez, Tracey Burkhart (Alan), Jeremiah Christian (fiancée Gabrielle Stroble), and Corenesia Bryant (Jordan); brother, Jeff Botts (Olga); grandchildren, Caleb Jones (Chey), Angelmayre Jones, Drew Jones, Danny Coates III (Brooklyn), Alexander Christian, Xavier Young, Christian Young, Jagger Bryant, Gracie Bryant, Nahla Bryant, and Jordan Bryant, Jr.; great-grandchildren, Sawyer Jones and Joseph Burckhalter, and a host of other family and friends.

Pallbearers will include Danny Coates III, Jeremiah Christian, Stephen Holland, Leon Wright, Charlie Mills, and Bryan Christian, with honorary bearers being sons-in-law, brothers-in-law, and grandsons.

Visitation will be Friday from 6-8 p.m. at Alexander Gray Funeral Home in Ratliff City.

In lieu of flowers, donations in Tammy's memory may be made to Cross Timbers Hospice, Ardmore, OK.

The Lord is close to
the brokenhearted and
saves those who are
crushed in spirit.

HELP WANTED

WE'RE HIRING: MULTI-MEDIA JOURNALIST

The All About Network is looking for a Multi-Media Journalist to help cover the Hennessey and Kingfisher communities.

This is a hands-on position for someone who enjoys meeting people, telling local stories, taking photos and video, and staying involved in what's happening in the community.

The job includes:

- Covering community events and public meetings
- Reporting breaking news
- Writing feature stories
- Taking photos and video
- Creating content for our newspapers, websites, and social media

No journalism degree is required, and we're willing to train the right person. You should have strong writing and communication skills, be comfortable talking with people, and be able to work independently and meet deadlines.

Applicants must be at least 21, have a valid driver's license and dependable vehicle, and be available for some evenings, weekends, and daytime assignments.

Pay: \$14 – \$18 per hour, depending on experience.

Think you'd be a good fit? Send your resume, a brief introduction, and any writing, photography, or video samples to:

Ivan@AllAboutOK.com

Apply online at

<https://tinyurl.com/>

HELP WANTED

HELP WANTED – TRUCK DRIVER

Road Shark Trucking is hiring an experienced Truck Driver!

Join a company that values drivers and delivers results. We offer competitive pay at 25% of what the truck makes, health insurance, vision insurance, dental insurance, safety bonuses, and consistent miles. Some out-of-town work is required.

Applicants must have dump experience, belly dump experience, and a CDL with a minimum of two years of experience. We're looking for someone who is motivated, professional, reliable, ready to put in the work and has a team-player attitude. Ready to join the team? Call or text (405) 699-1313.
